(a) The institution shall include in the Form Application 94886 any material facts, which have not otherwise been disclosed in the Form Application 94886 that without inclusion would cause the information in the Form Application 94866 to be false, misleading or incomplete or that might reasonably affect the Bureau's decision to grant an approval to operate. 26 offered;

27 (2) Each institution shall develop and implement written policies and procedures providing
28 for the participation by duly qualified faculty in the conducting of research, development of

1 curricula, academic planning, enforcement of standards of academic quality, pursuit of academic
2 matters related to the institution's mission and objectives, establishment of criteria for contracting

6 institution shall base its faculty requirements on all of the following factors:

9 course, quarter, semester, or other term;

10 (C) The number of hours needed to be spent on evaluating written materials prepared by

27 the National Association of Credential Evaluation Services (NACES).

9 (7) The institution shall not employ or continue to employ any faculty who were

12 license under Section 480 of the Business and Professions Code;

13 (8) Each institution shall have a written Academic Freedom Policy which describes the

17 academic freedom consistent with the institution's policy; and

18 (9) The institution shall maintain records documenting that each faculty member is duly
19 qualified and was qualified to perform the duties to which the faculty member was assigned,

3 (3) The institution shall not employ or continue to employ an instructor who was

3 provided subtracted from the amount paid by the student, calculated as follows:

4 (1) The amount owed equals the daily charge for the program (total institutional charge,
5 divided by the number of days or hours in the program), multiplied by the number of days student
6 attended, or was scheduled to attend, prior to withdrawal.

7 . . .

8 24. California Code of Regulations, Title 5, section 71770 states, in pertinent part:

9 (a) The institution shall establish specific written standards for student admissions for each
10 educational program. These standards shall be related to the particular educational program. An
11 institution shall not admit any student who is obviously unqualified or who does not appear to
12 have a reasonable prospect of completing the program. In addition to any specific standards for an
13 educational program, the admissions standards must specify as applicable that:

14 (1) Each student admitted to an undergraduate degree program, or a diploma program, shall
15 possess a high school diploma or its equivalent, or otherwise successfully take and pass the
16 relevant examination as required by section 94904 of the Code.

17 (2) Each student admitted into a post-baccalaureate degree program shall possess a

20 profession or occupation possess a Bachelor's degree or its equivalent, this subdivision does not
21 apply.

22 (b) The institution shall specify the maximum credit it will transfer from another institution

1 program leading to a Doctor of Philosophy degree shall involve preparation for scholarship and
2 systematic inquiry.

3 (2)(A) Each Doctor of Philosophy program shall include a minimum of two formal

4 **FIRST CAUSE FOR DENIAL OF APPLICATION**

5 (False Statements/Failure to Disclose Material Facts)

6 27. Respondent's application is subject to denial pursuant to Business and Professions
7 Code section 480 and Education Code sections 94887 and 94897(j), and pursuant to California
8 Code of Regulations, Title 5, sections 71130, 71340, 71400.5, in that it made misleading
9 statements and failed to disclose material information in its application. The circumstances are as
10 follows:

11 28. California Code of Regulations, Title 5, section 71130(a), states: "[A] person
12 exercises 'substantial control over the institution's management or policies' if the person has the
13 authority to cause the institution to expend money or incur debt in the amount of five thousand
14 dollars (\$5,000.00) or more in any year."

15 29. Question 3.1 of the Application states: "List all people who own or control 25% or
16 more of the stock of interest in the Institution or any other person who exercises substantial
17 control over the institution's management or policies, or any other financial involvement in the
18 institution."

19 30. In response to Question 3.1 of the application, Respondent disclosed only Chang Gui
20 Su, listed as the Owner, and failed to list Susan Su as an owner, officer or other person who
21 exercises substantial control over the institution's management or policies.

22 31. Contrary to Respondent's assertion in answer to Question 3.1, elsewhere in the
23 application Susan Su is listed as the corporation's official contact person and institutional
24 representative. Ms. Su also was the remitter on the \$5,000.00 check submitted by the corporation
25 with its application. Ms. Su is listed in the corporation's Articles of Incorporation as the Owner,
26 Chief Executive Officer, Chief Academic Officer, sole Board Member and initial agent for
27 service of process. The Articles of Incorporation do not list Chang Gui Su as an owner or officer.
28 Ms. Su is listed in the corporation's application as a member of Respondent's faculty. In

1 correspondence with the Bureau, Ms. Su signed letters as President of Global TV University. Ms.
2 Su also owns the building where Global TV University is located, and leases space to the
3 corporation therein.

4 32. Question 3.2 of the Application requires disclosure if any person set forth in question
5 3.1 was ever denied a license on grounds set forth in Business and Professions Code section 480.
6 Respondent failed to disclose any such information. In actuality, Susan Su, acting on behalf of
7 Tri-Valley University, was denied an application for approval to operate an accredited institution
8 in 2011, based on failure to establish accreditation and on the commission of acts of dishonesty.

9 33. Question 3.3 of the Application states: "Provide an attachments(s) explaining any
10 legal action pending against the institution or ownership or any of the institution's owners,
11 officers, corporate directors administrators or instructors by any federal, state, or local law
12 enforcement agency involving alleged acts of fraud, dishonesty, financial mismanagement,
13 unpaid liabilities to any governmental agency or claims for pecuniary loss suffered by any
14 student."

15 34. Respondent did not disclose any information in response to Question 3.3, and in so
16 doing failed to disclose and explain the fact that Susan Su, who is an owner, officer, administrator
17 and faculty member, is currently the defendant in a pending federal criminal prosecution, in
18 Northern District of California Case Number CR11-00288. The case involves charges of mail

24 **SECOND CAUSE FOR DENIAL OF APPLICATION**

25 (Acts of Dishonesty, Fraud or Deceit)

26 35. Respondent's application is subject to denial pursuant to Business and Professions
27 Code sections 480, subsections (a)(2) and (a)(3), and Education Code section 94887, in that Susan
28 Su, who is the Owner, Chief Executive Officer, Chief Academic Officer and sole Board Member

1 of Respondent Global TV University, has committed acts of dishonesty, fraud or deceit with the
2 intent to substantially benefit herself or another, and acts which, if done by a licentiate, would be
3 grounds for revocation of a license. The circumstances are as follows:

4 36. On or about January 19, 2011, Susan Su was interviewed by Department of
5 Homeland Security agents. During her interview, Ms. Su made the following admissions:

6 A. Ms. Su admitted that she had submitted a form to the Department of Homeland

20 F. Ms. Su admitted that she had falsified transcripts, letters, attendance sheets and
21 federal forms in order to assist individuals in obtaining visas to be in the United States.

23 **THIRD CAUSE FOR DENIAL OF APPLICATION**

24 (Failure to Meet Minimum Operating Standards)

25 37. Respondent's application is subject to denial pursuant to Education Code sections
26 94887 and pursuant to California Code of Regulations, Title 5, sections 71110, 71400, 71400.5
27 and 71700, in that it failed to establish compliance with minimum operating standards. The
28 circumstances are as follows:

1 Mission and Objectives Statement:

2 38. Respondent failed, in violation of Regulation 71705,³ to provide a written statement
3 of objectives consistent with the fact that Respondent's mission is to be a distance education
4 institution.

5 Instruction and Degrees:

6 39. Respondent's application and catalog state that students may transfer nine units from
7 another institution to count toward a master's degree. This policy violates Regulation
8 71770(b)(2), which limits transferred hours to 20% of graduate semester units.

9 40. Respondent's application and catalog state that hours may be transferred from a
10 "recognized" institution, but fail, in violation of Regulation 71770(b)(1)(A), to consistently
11 explain that such a "recognized" institution would be one that is approved by the Bureau and/or a
12 qualified accrediting association.

13 41. Section 13 of Respondent's application sets forth learning skills for the Master of
14 Computer Science and Engineering Program which do not correspond to that educational
15 program, in violation of Regulation 71220(e).

16 42. Respondent's list of courses and degree programs fails to comply with Regulation
17 71865(c)(1) in that it lacks sufficient specificity to allow the Bureau to determine which courses
18 pertain to Master's programs and which courses pertain to Ph.D. programs.

19 43. Respondent's application fails, in violation of Regulation 71865(c)(2), to specify
20 whether a doctoral committee exists, or whether a doctoral degree in philosophy requires a
21 minimum of two formal evaluations by a doctoral committee.

22 44. Respondent's application fails, in violation of Regulation 71865(b), to specify
23 requirements for graduation for a Master of Science degree, a Ph.D. in Engineering and Computer
24 Science or a Ph.D. in Engineering.

25 Catalog:

26 45. The cover of Respondent's catalog fails, in violation of Regulation 71810(b)(1), to set

27 ³ All citations to regulations pertain to regulations set forth in Title 5 of the California
28 Code of Regulations.

1 forth specific dates of coverage, as opposed to merely stating a range of years.

2 46. Respondent's catalog provides that the Bureau has approved the institution to operate
3 but fails, in violation of Code section 94897(1), to clearly and conspicuously state that approval to
4 operate merely means compliance with state standards.

5 47. Respondent's catalog, in the "Ability to Benefit Criteria" section, improperly states
6 that the institution has criteria to accept students who do not meet established admissions criteria.
7 This language is in violation of Code section 94904, which requires an independently
8 administered examination for such admission, and is a violation of Regulation 71770(a).

9 48. Respondent's catalog provides for refunds grouped by weeks of completion, rather
10 than by days or hours of completion, in violation of Regulation 71750(c)(1).

11 49. Respondent's catalog fails, in violation of Regulation 71810(b)(2), to adequately
12 specify missions, purposes and objectives for its MSEE, Ph.D. in EE, CD, MBA and Ph.D. in BA
13 programs.

14 50. Respondent's catalog fails, in violation of Code section 94909(a)(9), to specify the
15 total charges for a period of attendance and an estimated schedule of total charges for the entire
16 educational program.

17 51. Respondent's catalog specifies in its attendance policy that students are to attend
18 classes either on-site or through online class. This policy contradicts Respondent's stated policy
19 of "indirect" (i.e., off-site) learning, thereby violating Code section 94909(a)(4) and Regulation
20 71210(c)(5).

21 52. Respondent's catalog specifies that a Ph.D. program must be completed within two
22 years, thereby violating Regulation 71865(c)(1), which specifies a minimum of three years.

23 Faculty:

24 53. Respondent has failed to provide sufficient evidence that the faculty listed in its
25 application are actually employed by the institution, a violation of Regulation 71720(a).

26 54. Respondent has failed to provide sufficient evidence that the faculty listed in its
27 application would qualify to serve on and constitute a dissertation committee as required by
28 Regulation 71865(c)(3), subsections (A) through (E).

1 55. Respondent has failed to list sufficient faculty for an MBA program, a violation of
2 Regulation 71720(a)(1).

3 56. Respondent has failed to establish that the faculty listed in its application meet
4 minimum qualifications, as required by Regulation 71720(a)(4).

5 57. Respondent has failed to provide evidence that the instructors are duly qualified to
6 perform duties to which they are assigned, as required by Regulation 71720(a)(9).

7 Library:

8 58. Respondent has failed to prove that it has a library sufficient to support the programs
9 that are proposed, and has failed to prove that it can provide access to a professional librarian or
10 information specialist experienced in the electronic retrieval of information, as required by
11 Regulations 71270 and 71740.

12 Distance Education:

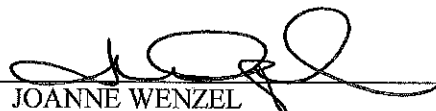

13 59. Respondent has failed to establish that its programs and materials for distance
14 education are sufficiently current, well organized and well designed, and that the program was
15 designed by faculty competent in distant education techniques, for delivery by use of readily
16 available, reliable technology, as required by Regulation 71715(d).
