### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Gainful Employment**

**Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$18,400 - \$29,800\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	N/A	\$30,756	N/A

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	N/A	\$30,756	N/A

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
CALENDAR YEARS 2016 & 2017**

**Bachelor of Science in Communication/Concentration in Journalism – 200 Weeks**

**On-time Completion Rates (Graduation Rates)**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Number of On-time Graduates	On-time Completion Rate
2017	0	0	0	N/A
2016	2	2	0	0%

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	2	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

**Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$36,800 - \$65,240\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	87.1%	\$30,756	82.4%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### Cost of Educational Program

Total charges for the program for students completing on-time in 2017: \$36,800 - \$67,400\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

### Federal Student Loan Debt at University of Phoenix

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	44.9%	\$30,756	41%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

---

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
 CALENDAR YEARS 2016 & 2017**

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	2	0	0	0	N/A
2016	3	1	1	1	100%

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
CALENDAR YEARS 2016 & 2017**

**Bachelor of Science in Business/Concentration in Accounting – 200 Weeks**

**On-time Completion Rates (Graduation Rates)**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Number of On-time Graduates	On-time Completion Rate
2017	26	26	8	30.8%
2016	35	35	7	20%

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

Initial only after you have had sufficient time to read and understand the information

**Students Completing Within 150% of the Published Program Length**

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	150% Graduates	150% Completion Rate
2017	26	26	9	34.6%
2016	35	35	8	22.9%
2015	23	23	15	65.2%
2014	31	31	10	32.3%

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

Initial only after you have had sufficient time to read and understand the information

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	26	8	7	2	28.6%
2016	35	7	7	1	14.3%

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Gainful Employment**

### **Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$36,800 - \$68,825\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	83.5%	\$30,756	81.7%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	66.7%	\$30,756	50%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

---

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
CALENDAR YEARS 2016 & 2017**

**Bachelor of Science in Business/Concentration in Finance – 200 Weeks**

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	7	1	1	0	0%
2016	20	1	1	1	100%

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

12.3%	77.3%	\$30,756	80.3%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

---

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
 CALENDAR YEARS 2016 & 2017**

**Bachelor of Science in Business/Concentration in Hospitality Management – 200 Weeks**

**On-time Completion Rates (Graduation Rates)**

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	2	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	1	0	0	0	N/A
2016	3	1	1	0	0%

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	100%	\$30,756	100%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Job Placement Rates<sup>1</sup>***Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	30	4	4	0	0%
2016	38	4	4	0	0%

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Job Placement Rates<sup>1</sup>***Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	1	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Federal Student Loan Debt at University of Phoenix

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	83.3%	\$30,756	100%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET

**Initial only after you have had sufficient time to read and understand the information**

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	63.6%	\$30,756	66.7%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

---

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET

**Job Placement Rates<sup>1</sup>***Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**University of Phoenix**

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
CALENDAR YEARS 2016 & 2017**

**Bachelor of Science in Business/Concentration in Sustainable Enterprise Management – 200  
Weeks**

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	3	0	0	0	N/A
2016	1	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$36,800 - \$66,125\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	67.7%	\$30,756	61.5%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	2	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	79.6%	\$30,756	71.4%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	85.7%	\$30,756	83.6%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**University of Phoenix**

### **Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Job Placement Rates<sup>1</sup>***Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	33	1	1	0	0%
2016	5	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Job Placement Rates<sup>1</sup>***Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	3	1	1	0	0%
2016	4	3	3	1	33.3%

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	74.7%	\$30,756	69.7%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

---

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**University of Phoenix**

---

**Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	2	0	0	0	N/A
2016	8	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	14	5	3	1	33.3%
2016	11	3	3	1	33.3%

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	4	0	0	0	N/A
2016	1	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	93.9%	\$30,756	91.9%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	88.3%	\$30,756	95.2%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	1	1	0	0	N/A
2016	2	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Job Placement Rates<sup>1</sup>***Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	4	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

### **Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$36,800 - \$65,450\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	73.3%	\$30,756	60.9%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. ### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	11	0	0	0	N/A
2016	4	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$36,800 - \$68,825\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	69.5%	\$30,756	67.5%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$36,800 - \$65,450\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	78.9%	\$30,756	73.8%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

---

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	6	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

12.3%	58.4%	\$30,756	58.3%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET**

**Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	56	42	42	3	7.1%
2016	124	98	96	16	16.7%

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	N/A	N/A	N/A	N/A	N/A
2016	N/A	N/A	N/A	N/A	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	30%	\$30,756	42.9%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

---

**Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$7,360 - \$14,320\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

**Initial only after you have had sufficient time to read and understand the information**

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	38.5%	\$30,756	50%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	N/A	N/A	N/A	N/A	N/A
2016	N/A	N/A	N/A	N/A	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Gainful Employment**

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Project Management Certificate**

**(Undergraduate)**

Southern California Campus Main  
 - Ontario

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
CALENDAR YEARS 2016 & 2017**

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Gainful Employment**

**Program**

Southern California Campus Main  
 - Ontario

**Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$5,520 - \$8,184\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	N/A	\$30,756	N/A

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	6	1	1	0	0%
2016	3	1	1	0	0%

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	62.5%	\$30,756	61.5%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

---

**Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	69.7%	\$30,756	56.3%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET**  
**CALENDAR YEARS 2016 & 2017**

**Master of Arts in Education/Administration and Supervision – 75 Weeks**

**On-time Completion Rates (Graduation Rates)**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Number of On-time Graduates	On-time Completion Rate
2017	0	0	0	N/A
2016	0	0	0	N/A

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	70.9%	\$30,756	67.2%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	74.5%	\$30,756	73.5%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

---

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
CALENDAR YEARS 2016 & 2017**

**Master of Arts in Education/Curriculum and Instruction – 71 Weeks**

**On-time Completion Rates (Graduation Rates)**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Number of On-time Graduates	On-time Completion Rate
2017	0	0	0	N/A
2016	0	0	0	N/A

**Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	5	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

**Master of Arts in  
Education/Elementary Teacher  
Education**  
Southern California Campus Main  
- Ontario

**Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$19,695 - \$28,080\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	84.5%	\$30,756	87.9%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
CALENDAR YEARS 2016 & 2017**

**Job Placement Rates<sup>1</sup>***Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

**Job Placement Rates<sup>1</sup>***Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	2	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$27,540 - \$41,055\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	75.7%	\$30,756	91.3%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

2017	3	0	0	0	N/A
2016	3	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
CALENDAR YEARS 2016 & 2017**

**Master of Business Administration Concentration in Marketing – 96 Weeks**

**On-time Completion Rates (Graduation Rates)**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Number of On-time Graduates	On-time Completion Rate
2017	2	2	0	0%
2016	1	1	0	0%

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

Initial only after you have had sufficient time to read and understand the information

**Students Completing Within 150% of the Published Program Length**

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	150% Graduates	150% Completion Rate
2017	2	2	1	50%
2016	1	1	0	0%
2015	1	1	1	100%
2014	2	2	1	50%

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Job Placement Rates<sup>1</sup>***Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	2	0	0	0	N/A
2016	1	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET**

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET**

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$23,350 - \$41,990\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	86.5%	\$30,756	92.2%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	84.7%	\$30,756	83.1%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET  
CALENDAR YEARS 2016 & 2017**

**Master of Management – 84 Weeks**

**On-time Completion Rates (Graduation Rates)**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began the Program	Students Available for Graduation	Number of On-time Graduates	On-time Completion Rate
2017	0	0	0	N/A
2016	0	0	0	N/A

**Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$21,060 - \$33,810\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	72.8%	\$30,756	72.3%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

**Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$19,440 - \$39,575\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	81.5%	\$30,756	82.8%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	89.7%	\$30,756	86.7%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**SCHOOL PERFORMANCE FACT SHEET**

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$21,060 - \$33,360\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

Student Initials: \_\_\_\_\_ Date: \_\_\_\_\_

**Initial only after you have had sufficient time to read and understand the information**

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	53.2%	\$30,756	44.4%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

12.3%	73.4%	\$30,756	72.7%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2017	0	0	0	0	N/A
2016	5	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Job Placement Rates<sup>1</sup>**

*Includes data for the two calendar years prior to reporting*

<b>Calendar Year</b>	<b>Number of Students Who Began Program</b>	<b>Number of Graduates</b>	<b>Graduates Available for Employment</b>	<b>Graduates Employed in the Field</b>	<b>Placement Rate % Employed in the Field</b>
2017	0	0	0	0	N/A
2016	0	0	0	0	N/A

<sup>1</sup> Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2016 was 45% and was 17% in 2017.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

### **Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$27,540 - \$41,055\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

**Initial only after you have had sufficient time to read and understand the information**

### **Federal Student Loan Debt at University of Phoenix**

<b>Percentage of students who defaulted on their federal student loans at this institution<sup>1</sup></b>	<b>Percentage of students enrolled in 2017 who took out federal student loans to pay for this program</b>	<b>Average federal student loan debt of 2017 graduates who took out federal student loans at this institution</b>	<b>Percentage of graduates in 2017 who took out federal student loans to pay for this program</b>
12.3%	94%	\$30,756	94.1%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### Definitions

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

### **Definitions (continued)**

**"Number of Graduates Taking Exam"** is the number of graduates who took the first available exam in the reported calendar year.

**"First Available Exam Date"** is the date for the first available exam after a student completed a program.

**"Passage Rate"** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**"Number Who Passed First Available Exam"** is the number of graduates who took and passed the first available licensing exam after completing the program.

**"Salary"** is as reported by graduate or graduate's employer.

**"No Salary Information Reported"** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**Cost of Educational Program**

Total charges for the program for students completing on-time in 2017: \$6,525 - \$8,385\*

Total charges may be higher for students that don't complete on-time.

\*The range in cost figures shown is based on the total number of credits, (including the break-down between upper division and lower division credits for undergraduate programs), that the student may take at University of Phoenix to complete their program.

**Initial only after you have had sufficient time to read and understand the information**

**Federal Student Loan Debt at University of Phoenix**

Percentage of students who defaulted on their federal student loans at this institution <sup>1</sup>	Percentage of students enrolled in 2017 who took out federal student loans to pay for this program	Average federal student loan debt of 2017 graduates who took out federal student loans at this institution	Percentage of graduates in 2017 who took out federal student loans to pay for this program
12.3%	66.7%	\$30,756	50%

<sup>1</sup>The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

### **Definitions**

The following are the definitions for the Performance Fact Sheet:

**"Number of Students Who Began Program"** means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

**"Students Available for Graduation"** is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

**"Number of On-time Graduates"** is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

**"On-time Completion Rate"** is the number of on-time graduates divided by the number of students available for graduation.

**"150% Graduates"** is the number of students who completed the program within 150% of the program length (includes on-time graduates).

**"150% Completion Rate"** is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

**"Graduates Available for Employment"** means the number of graduates minus the number of graduates unavailable for employment.

**"Graduates Unavailable for Employment"** means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

**"Graduates Employed in the Field"** means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

**"Placement Rate Employed in the Field"** is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**Definitions (continued)**

**“Number of Graduates Taking Exam”** is the number of graduates who took the first available exam in the reported calendar year.

**“First Available Exam Date”** is the date for the first available exam after a student completed a program.

**“Passage Rate”** is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

**“Number Who Passed First Available Exam”** is the number of graduates who took and passed the first available licensing exam after completing the program.

**“Salary”** is as reported by graduate or graduate’s employer.

**“No Salary Information Reported”** is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.
