ACADEMIC RESOURCES

The curriculum is developed so that all information that needs to be retrieved is provided by the course professor and can be accessed from journals, databases, books, research repositories, or the College's online library. Every resource provided for the classes are e-learning in format and accessible by any student with internet capabilities. Online resources are clearly labeled for student access and is consistently updated to ensure that they are current. The utilization of online resources enhance the learning experience for all students and supplement the costly nature of brick and mortar facilities. Access to materials needed will be available through the student portal and the College's online library. Course instructors and the College's librarian are available for assistance.

The College maintains the Pathways College Library (library.pathwayscollege.org) which is available to students 24/7 and provides access to full-text resources, online research tutorials, subject research guides, citation help, and one-on-one research help from the College librarian via chat, IM, and email. The College's library is designed for students completing their work in an online environment and offers inclusive resources and services to assist students with all of their research needs. Students have access to full-text academic resources including journals, magazines, newspapers, and a library of e-books through the library's database subscriptions.

The library currently subscribes to Business Source Elite (EBSCO), Academic Search Elite (EBSCO), and Ebook Central (ProQuest). Combined these databases provide students access to over 2,000 full-text publication titles, over 1,500 peer-reviewed publication titles, and over 150,000 books. The library also participates in resource trials to test the usability and quality of new potential resources to add to the library's collection. All resources have been reviewed by the College librarian and administration, and selected for their support of the programs and the learning objectives of the Business Administration and Liberal Arts programs at Pathways College.

In addition to Pathways College's subscription databases, the college also stresses the use of open educational resources (OER) throughout its courses as a way to reduce course cost and increase access for students. Open resources have the potential to spur pedagogical innovation, introducing new alternatives for effective teaching. These learning resources can be modified and reused promote collaboration and participation—two key elements of a Web 2.0 approach to teaching and learning. The resources required to develop high-quality learning materials and activities for a full complement of courses can be prohibitive for many institutions and instructors. By distributing the costs over a larger number of users, OER brings a greater range of tools within reach of more users. OER can also lower the costs for students to obtain educational content. OER and online or hybrid learning are natural partners in efforts that take advantage of—and prompt—developments in educational technology that facilitate new media, new formats, and new means of distribution.

It is the responsibility of the student to become familiar with all the provisions in the document and to comply accordingly. It is important to note that Pathways College reserves the right to modify its tuition and fees, to add or withdraw members of its faculty and staff, to revise its academic programs, and to withdraw courses and programs if registration falls below the minimum required number.

ACADEMIC CREDIT HOUR DEFINITION

Pathways College courses are delivered in an online format. In order to follow the Carnegie unit, each 3-credit course requires between 135 and 150 hours of student effort. This effort can be divided among the following activities: Online interactions, live sessions, reading/research material, and student work. Online interactions include discussions, reading feedback from the instructor, and reading course related documents. Live sessions include real-time web-based interaction with the instructor and videos. Reading and research material include reading, finding resources, interviewing and observing. Student work includes quizzes, exams, written assignments, presentations, etc.

ACADEMIC INTEGRITY, CHEATING, AND PLAGIARISM

Academic integrity is essential to the success of any educational endeavor. Intellectual growth and development among the educational community is stimulated when the education of that community operates upon a solid and enforceable ethical standard. Academic integrity is defined by the Center of Academic Integrity (1999) as a commitment, even in the face of adversity, to five fundamental values that together enable academic communities to translate ideals into action.

These values are:

Honesty: The quest for truth and knowledge requires intellectual and personal honesty in learning, teaching, research and service.

Trust: Academic communities must foster a climate of mutual trust, encourage the free exchange of ideas, and enable all to reach their highest potential.

Fairness: All interactions among students, faculty and administrators should be grounded in clear standards, practices and procedures.

Respect: Learning is acknowledged as a participatory process, and a wide range of opinions and ideas are respected.

Responsibility: Academic communities uphold personal accountability and depend upon action in the face of wrongdoing.

Pathways College embraces these core values as the center of its code of academic integrity. We expect all faculty, administration, staff and students to accept the right and responsibility to abide by standards of ethics and intellectual integrity both in their conduct and in their exercise of responsibilities toward other members of the community. All academic work, included but not limited to lectures, lab experiments, quizzes, tests, exams, and papers, should adhere to the highest standards of academic integrity and ethics.

Acts of academic dishonesty compromise the adopted core values and undermine the process by which knowledge is created, shared and evaluated. It is of paramount

importance that both students and teachers abide by the highest standards of honesty and integrity in the performance of academic assignments, both in the classroom and outside. Students should avoid academic dishonesty in all of its forms, including cheating and plagiarism:

1. Cheating is the use of thoughts and words other than one's own unaided thoughts and words when taking a quiz, test, or exam. Cheating is copying information from another student or using unauthorized materials during a quiz, test, or exam, whether an in-class or take-home assignment.
2. The following is also considered cheating:
 - a. Buying, selling, or stealing quiz, test, or exam questions and answers.
 - b. Creating an environment that stimulates or facilitates students to cheat.
 - c. Doing work or taking quizzes, tests, or exams on behalf of another student.
 - d. Submitting work done by another person as his or her own.
 - e. Falsifying data or laboratory results.
 - f. Signing attendance sheets on behalf of another student.
3. Plagiarism is a form of cheating, academically defined as presenting the word of another person as one's own in any assignment or quiz/test/exam. It is unacceptable to copy text or ideas, either verbatim or in using wording or sentences from a source without properly citing the author and source.
4. Should a cheating or plagiarism incident occur, the instructor, with the assistance of the Academic Advisor, in charge of the course has the authority to determine the penalty to be applied ranging from taking points off to failing the student (giving a "zero points" grade) for that assignment/quiz/test/exam. The instructor shall notify the Academic Advisor of the incident via email who will then document the incident in the official record keeping system.
5. Any incidents of academic dishonestly or plagiarism shall be subject to disciplinary action up to and including being withdrawn from the college.
6. If the student does not acknowledge guilt, or acknowledges guilt but is not willing to accept the sanction(s), the student has the right to appeal the decision to the Appeals Committee, in writing, within one week after he or she has been notified of the sanction. This appeal must include a detailed argument as well as all evidences supporting the student claim. The Appeals Committee members typically include impartial faculty, the Student Advocate, and student(s).

Satisfactory Academic Progress Policy

In order to remain in good academic standing with Pathways College, the students must meet the following Satisfactory Academic Progress minimum standards at the end of each 8 week grading period:

- 1) Must maintain a minimum grade point average (CGPA) of 2.0 or greater.
- 2) Must maintain a rate of progress (ROP) of 66.67 percent or greater as defined as the credit hours attempted, divided by the credit hours completed.
- 3) Must complete the program of study within 150 percent of the program length (Maximum Time Frame (MTF)).

Maximum Time Frame Example:

	Credit Hours Required for Program Completion	Maximum Credit Hours Attempted
B.A. in Business Administration	120	180
B.A. in Liberal Studies	120	180

SAP Evaluation

Each program is broken down into grading periods which occur at the end of each 8 week term session. Once the finals grades for the term have been entered into the student information system, the student's CGPA, ROP and MTF will be evaluate. This evaluation is to ensure that all 3 requirements for Satisfactory Academic Progress are met. A student failing to meet all of the minimum standards for Satisfactory Academic Progress will be notified of such and administrative action will be taken. These actions include being placed on Academic Warning, Academic Probation, or ultimately withdrawal from the College at the end of the grading period.

Maximum Credit Load

Students who wish to register for more than 6 credits per session must obtain approval from the Chief Academic Officer. Students must be in good academic standing and must have at least a 2.5 GPA for the session completed prior to the session the increased course load is being requested.

Academic Warning

A student not meeting all 3 aspects of the Satisfactory Academic Progress policy (CGPA, ROP and MTF) at the end of a grading period will be placed on an Academic Warning status. The College will advise the student of his or her status prior to the start of the next grading period. The student will be required to work directly with the Academic Advisory to develop an Academic Success Plan. If a student fails to achieve Satisfactory Academic Progress for the next grading period while they are on Academic Warning, they will be placed on Academic Probation.

Academic Probation

A student will be placed on Academic Probation once they have reached their second consecutive grading period not meeting all of the Satisfactory Academic Progress requirements. The school will advise the student of his or her status prior to the start of the next grading period. A student who fails to meet the minimum requirements of Satisfactory Academic Progress, or who fail to meet the requirements of the Academic

Success Plan by the end of the next grading period, will be withdrawn from the College. A student on Academic Warning or Academic Probation will be returned to good standing with the college if the minimum requirements for SAP are met at the end of the 8 week grading period.

Academic Success Plan

At the end of each 8 week grading period in which a student does not meet Satisfactory Academic Progress standards, the college academic staff will assist the students in creating an Academic Success Plan. The Academic Success Plan will outline, in detail, minimum academic performance standards for the student for the upcoming term. The student must acknowledge and meet the requirements of the Academic Success Plan to remain enrolled in the college.

Satisfactory Academic Progress Appeals

A student may appeal withdrawal from the program due to failure to meet SAP based on mitigating circumstances. The Academic Success Plan is a critical part, and must accompany the appeal. The appeal and Academic Success Plan must be in writing and submitted to the Chief Academic Officer in writing within 3 calendar days or being notified of the student's withdrawal from the college due to SAP. The Chief Academic Officer will review and they approval or deny the request within 48 hours of receiving the appeal.

Written appeals must include the following:

- A clear statement regarding the mitigating circumstances that caused the student to not be successful and must include appropriate supporting documentation of such circumstances;
- An explanation of how the mitigating circumstances actually caused and or contributed to the student's current academic struggles;
- A discussion about what has changed in the student's situation that would allow them to attain Satisfactory Academic Progress in the future;
- An updated Academic Success Plan outlining the steps necessary to reach SAP created with the Pathways College academic staff.

Note: If a student chooses not to pursue the appeal process, or if the appeal is denied, the student will be withdrawn from the college if they fail to reach Satisfactory Academic Progress at the end of the grading period while on Academic Probation.

ATTENDANCE POLICY

Pathways College requires high levels of both academic and professional integrity from all students. This is expressed in part by a commitment to attend all discussion board sessions.

The online week begins on Monday and ends on Sunday. To be in attendance during a week, you must log in to your online class and submit a graded assignment/discussion at least once during the week as well as participate in weekly discussions. Deadlines for attendance are based on Pacific Time (PST). Students are also expected to participate in weekly discussions. The final week of the course ends on Wednesday.

If a student does not submit a posting to the graded assignment/discussion during the second week of class and does not participate in a weekly discussion, the student is

administratively dropped from the course for non-participation without incurring any course charges.

- a) Absences, regardless of the reason, do not exempt students from any academic requirements. The student is responsible for all of the work (including, but not limited to quizzes, tests, reports, and exams) he or she misses due to an absence.
- b) Absences, regardless of the reason, do not imply assisted make-ups for missed sessions. Missed reports may be turned into the instructor within seven days of the missed day. Missed quizzes, tests, and exams (except the final exam) may be taken within seven days from the absence day. A missed final exam must be taken within ten (10) days from the official scheduled date. Failure to comply with the deadlines for missing reports, quizzes, tests, and exams, regardless of the reasons, will result in “zero points” for the missed assignment.

CONTINUOUS ENROLLMENT POLICY

Students must be enrolled in at least one course per term to be considered an active student, unless on an approved leave of absence. To maintain sufficient rate of progress, students must complete eight courses per calendar year unless otherwise approved by the Chief Academic Officer. If a student wishes to continue after becoming inactive, they will need to re-enroll, including signing a new enrollment agreement.

DISMISSAL OF STUDENT

Students may be dismissed due to unsatisfactory conduct (behavioral reason), academic deficiency, no course activity, exceeding maximum time frame, failure to meet Satisfactory Academic Progress or any other conduct that would be a detriment to the reputation of the school. Personal conduct and appearance are noticeable expressions of character and are expected from all students as well as from school personnel and agents.

Students may also be dismissed for behavioral/disciplinary reasons such as: recurrent academic dishonesty as defined in the school’s academic integrity policy; forgery, altering school documents, or knowingly providing false information; physical and/or verbal abuse, or intimidation or threat of abuse to students, school employees, agents and their families; theft of school property or the property of a school employee, student, or visitor; sale of knowing possession of illegal drugs or narcotics; possession, use, or threats of use of explosives or deadly weapons on school premises; recurrent poor attendance beyond the limit indicated in the attendance policy; any form of discrimination and/or harassment as indicated in the school’s harassment and nondiscrimination policies.

All students are given a fair process typically before any disciplinary action is imposed (including dismissal). However, in appropriate circumstances, students may be suspended or dismissed prior to a hearing. Students may file an appeal with the Appeals Committee.

GRADING AND PROGRESS REPORTS

The student’s standing in each course is determined by the combined results of assignments, tests, quizzes, exams, class participation, attendance and any other criteria indicated in the grading section of the syllabus for the course. Final grades are reported at the completion of each grading term and are provided to each student. Failed courses must

be reported and are calculated as an attempt in Satisfactory Academic Progress (SAP) calculations. The school adopts grades and transcript designations as shown in the table at the end of this sub-section.

Pathways College will typically return evaluation of student's work within 72 hours.

GPA AND CGPA CALCULATIONS

The Grade Point Average (GPA) and the Cumulative Grade Point Average (CGPA) is calculated for all students and recorded in the academic transcript.

The GPA is calculated at the end of each evaluation period by dividing the points earned (see table below) by the total credits attempted for the evaluation period. The CGPA is calculated by dividing the total cumulative points earned by the total cumulative credits attempted for cumulative evaluation periods. The number of points awarded for each course is determined by multiplying the points listed for each letter grade by the number of credits of the course.

Grade	Meaning	Point Value	Percentage Scale
A	Exceeding Standard	4.0	90-100
B	Above Standard	3.0	80-89
C	Standard	2.0	70-79
D	Below Standard	1.0	60-69
F	Failure	0.0	0-59
I	Incomplete	Not Calculated	
W	Withdrawal	Not Calculated	
AU	Audited	Not Calculated	
TR	Transfer Credit	Not Calculated	

INCOMPLETE GRADE POLICY

An incomplete grade ("I") may be reported for a student who, for a good and acceptable reason, is unable to complete all coursework, according to the provisions listed below:

Any student finding him/herself in an emergency situation that prevents his/her completing all assigned work by the end of the course can request an incomplete grade from his/her instructor and the CAO. Acceptable reasons for requesting an incomplete grade:

- a. Medical emergency.
- b. Family emergency.
- c. Other justifiable emergency, as approved by the CAO that prevents the student from attending class and/or completing assigned coursework.

The student must present appropriate documentation supporting the emergency when requesting an incomplete grade.

1. The student is not allowed to carry more than two incomplete grades at the same time.
2. The student with an "I" is required to complete the coursework by no later than two weeks from the end of that term. Failure to comply with this requirement will result in the changing of an "I" grade to an "F" grade. Should a student receive either an "I" or "F" in a course which serves as a prerequisite for another course,

- they may not enroll in that course until the “I” or “F” in the prerequisite course has been retaken and brought to a passing grade.
3. Students who request an incomplete grade are not eligible for any refund of tuition and fees incurred.
 4. In order to request an incomplete grade the student must complete a “Request for Incomplete Form” on the website prior to the last scheduled day of class for which the incomplete was requested.

LEAVE OF ABSENCE (LOA)

A leave of absence is a temporary interruption of a student’s attendance to a program. Students may be granted a leave of absence of no more than one hundred eighty (180) days, consecutive or not, during any 12-month period starting from the first day of leave, as long as there are documented, legitimate extenuating circumstances that require the student to interrupt his/her education. Acceptable reasons to request a leave of absence are: extenuating family circumstances, medical conditions, death in the immediate family, military and/or jury duties, or special employment requirements.

In order to be granted a Leave of Absence (LOA), the student must submit a completed, signed and dated Leave of Absence Request Form at least 10 days before the requested leave date. When requesting a Leave of Absence the student must be aware that:

1. The reason for the LOA should be clearly explained and all necessary supporting documents should be attached to the request. No request will be taken into consideration without proper supporting documentation.
2. Pathways College must approve and document the approval of the leave of absence request.
3. An approved LOA may be extended if the student submits proper documentation requesting such an extension and that the combined time does not exceed 180 days within a 12-month period.
4. The date the student returns to class is normally scheduled for the beginning of an upcoming module or course.

PERSONAL LEAVE OF ABSENCE

A personal leave of absence may be granted for extraordinary circumstances not listed above with prior approval from the Chief Academic Officer. Such requests may be made in writing and will utilize the same process for Leave of Absence requests listed above.

- Personal leaves of absence will be granted for a period of no longer than two consecutive academic terms (16 weeks).
- Personal leaves of absence must be approved in writing by the Chief Academic Officer and may impact the receipt of financial aid funding.
- For such requests, student academic standing, the nature of the personal request, and the financial impact on the student will all be taken into consideration.

RETAKING COURSEWORK

Students may repeat coursework as long as such coursework does not include more than a single repetition of a previously passed course. Each attempt counts in the calculation of the students' rate of progress and successful completion percentages. All repeated courses will appear on the student's transcript, but only the highest grade earned will be included in the calculation of their cumulative grade point average (CGPA). Students may also repeat any failed coursework. Failed courses may be repeated, so long as repeating the coursework does not exceed the students' maximum time frame of completion. Each attempt counts in the calculation of the students' rate of progress and successful completion percentages. All repeated coursework will appear on the student's transcript, but only the highest grade earned will be included in the calculation of their CGPA.

WITHDRAWAL AND REFUND POLICY

Students have the right to cancel their enrollment agreement and obtain a refund of charges paid through attendance either on the first day of class or until the fourteenth (14th) day after enrollment, whichever is later. Cancellation occurs when the student gives written notification of cancellation via the request for course withdrawal on www.pathwayscollege.org by midnight of the first day of class or the fourteenth (14th) day after enrollment, whichever is later.

Students may withdrawal during the first 60% of instructional days of a class (five weeks of an eight week course) and receive a pro-rata refund of the tuition based on the table below. Students who wish to withdrawal should fill out a withdrawal form on the school's website (www.pathwayscollege.org). The date a student submits the withdrawal form will determine the percentage of the tuition refund.

Based on an eight week course cycle:

Withdrawal notice received during:	Refundable Tuition:	Amount of Tuition Owed by Student:	Notes on Transcripts
Week 1 (1-7 days)	100%	0%	None, dropped class
Week 2 (8-14 days)	100%	0%	None, dropped class
Week 3 (15-21 days)	70%	30%	W
Week 4 (22-28 days)	55%	45%	W
Week 5 (29-35 days)	40%	60%	W
After week 5 (36 and over days)	0%	100%	F

Additional Notes:

1. If a student abandons the course at any time after having attended one class or laboratory, and never submits an online withdrawal notification, then the student will receive a grade of "F" for that course and will be responsible for paying full tuition and fees.
2. Students who request an incomplete grade at any time during a course will not be eligible for a refund in tuition or fees. Please refer to the "Incomplete Grade Policy" in the catalog for specifics in requesting an incomplete.

STUDENT RECORDS

All student academic records are retained, secured, and disposed of in accordance with local, state, and federal regulations. Pathways College maintains complete records for each student, including grades, attendance, prior education and training, placement, financials and awards received. Student records are maintained on a secure environment at the school's headquarters for five years after the last day of attendance, and grades and academic records are kept indefinitely. The school uses a campus management system software to manage and store all students' academic and demographic data. Such software operates under a secure and encrypted environment to protect the integrity of students' data. Students or alumni should contact the Office of Registrar to get a copy of their student records or transcript.

TRANSCRIPTS AND DIPLOMAS

Transcripts and diploma requests must be made in writing to the Office of the Registrar. The school reserves the right to withhold transcripts and diplomas when students have unmet obligations to the school, including financial obligations. Official transcripts are provided for a fee. FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.)

These rights include:

1. The right to inspect and review the student's education records within 45 days after the day United States University receives a request for access. A student should submit to the Student Services Department, Program Director or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The college official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the college to amend a record should write the college official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the university decides not to

amend the record as requested, the university will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. The college discloses education records without a student's prior written consent under the FERPA exception for disclosure to college officials with legitimate educational interests. A college official is a person employed by United States University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A college official also may include a volunteer or contractor outside of the United States University who performs an institutional service of function for which the college would otherwise use its own employees and who is under the direct control of the college with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another college official in performing his or her tasks. A college official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for United States University.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the United States University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office U.S. Department of Education
[400 Maryland Avenue, SW Washington, DC 20202](#)

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions of the FERPA regulations. Except for disclosures to college officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student:

- To other college officials, including teachers, within the United States University whom the college has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the college has outsourced institutional services or functions.
- To officials of another college where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer.
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made in

connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf.

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.
- To organizations conducting studies for, or on behalf of, the college, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction.

- To the general public: The final results of a disciplinary proceeding, if the college determines the student is an alleged perpetrator of a crime of violence or nonforcible sex offense and the student has committed a violation of the college's rules or policies with respect to the allegation made against him or her.
- To the parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the college, governing the use or possession of alcohol or a controlled substance if the college determines the student committed a disciplinary violation and the student is under the age of 21.
- Information the college has designated as "directory information".

- Name • Address • Phone Number • Email address • Birthday and month • Enrollment Status/Grade Level (e.g. First Term, Second Term, etc.) • Date of Graduation
- Degrees and Honors Received • Photos • Major Field of Study • Dates of Attendance • Participation in officially recognized activities and sports • Most Recent School Attended

Pathways college students are encouraged, at all times, to communicate their concerns to members of the faculty and administration. If a situation arises in which a student had a complaint or grievance regarding grades, instruction, disciplinary actions, or other topics related to his or her program of study, the student is to adhere to the following procedure:

The written statement should include the details of the student's issue, a summary of the conversations the students had while following the above procedure, and an explanation as to why the student believes the issue remains unresolved. The grievance committee will schedule a committee meeting within 3 business days from the receipt of the letter. Students are required to appear either before the committee or via telephone/skype at the time of the scheduled meeting. Prior to the meeting, the CAO will notify the student in writing the time and date of the scheduled committee meeting. The grievance committee has the responsibility of reaching a decision that is in balance with the best interest of both the student and the college. Students will be then notified in writing within three business days of the committee's decision.
