Job Demand in the Cosmetology and Manicure Industry, 2015

In January 2013, there were 1,804,500 professionals employed in the nation's 382,000 beauty salons, barber shops, skin care salons, and nail salons. The typical salon is a small full service salon with 5 stations, 3 full-time professionals and 2 part-time professional. Salon owners report an average of 165 clients per week.

There has been notable growth in the industry since 2011:

- The total number of salon professionals is up 35%,
- The total number of salons is up by 6.9%,
- The number of chairs or workstations is up by 15%,
- The number of employees leaving their positions is down 15%, and
- The number of new hires is up 29% since 2014.

The salon industry is a job-seekers market. Some 26% of the salon owners reporting that they had job openings. More than 555,000 open positions were filled in 2014 with both experienced salon professions changing positions (73% of the new hires) and with inexperienced professionals with less than one year's experience (27% of the new hires). The supply does not appear to be keeping up with demand. Approximately 3 out of every 4 salon owners who looked for new employees in 2014 reported difficulty in finding qualified personnel.

Other key findings

- 49% of salon owners classified their salon as a full-service salon, 18% as a haircutting salon, 4% as a nail salon and 5% as a barber shop.
- 47% of salon employees work full time, 33% are part time (20-35 hours), and 10% are low time (less than 20 hours).
- The average salon income, including tips, is about \$30,000 - 50,000/year.

While manicurists are currently only 10% of the current industry employees (up from 2.6% in 2009), some 16% of the anticipated vacancies are for professionals with those skills.

PERSONAL ATTENTION:

Students are given attention assistance at every stage of training from the first day of enrollment to the day of graduation. At predetermined intervals, measuring instruments are utilized to evaluate the rate and quality of the student and remedial assignments are made when required. Particular attention is given to preparation for the Licensing Examination.

HEALTH AND PHYSICAL CONSIDERATIONS:

Generally, the professional in the beauty field must be in good physical health for he/she will be working in direct contact with patrons. In most aspects of the beauty culture field there is a great deal of standing, walking, pushing, bending and stretching, and sometimes for long periods of time. A person must consider his/her physical limitations in terms of making a career choice that involves extensive training. We promote the acceptance of students with physical limitations or disabilities if these students believe they can fulfill training demands.

TIME CARD POLICY:

The following is a guideline for the instructor to issue credits.

1. Each Theory must be initialed in the proper category. If that category is complete, the instructor may issue credit in a comparative category.
2. The portion of the time card reflecting hours are in the Theory hours earned and any classes the instructor has demonstrated.
3. The portion of the time card concerning operations are to be applied efforts of the students as they manually perform practical operations.
4. Some practical operations may take longer to perform according to the student.

The following time frame, the Board of Barbering & Cosmetology gives for each operation:

Shampoo/set = 1 1/2 hours,

Facial = 1 1/2 to 2 hours,

Hair cut = 1/2 to 1 hour,

Permanent Wave = 2 to 2 1/2 hours and

Manicure = 1/2 hour

Using the above, the Board would understandably not consider a student capable of performing more than three complete permanent waves per day.

SATISFACTORY ACADEMIC PROGRESS (SAP): (STANDARDS) :

(This policy will be provided to applicants prior to enrollment.)

This institution expects **all** its students to maintain Satisfactory Academic Progress as established by this institution. This policy applies to **all** students enrolled in any course at the institution, regardless of attendance status (part-time or full time).

Considering the varied capabilities of individual students, some may progress from one phase of training to another at a more rapid pace. However, all students must satisfactorily complete all subject matters prior to graduation unless credit has been allowed for previous training as experiential credit is not allowed. Successful graduates will be awarded an appropriate certificate upon completion of their training program.

The student must:

1. Maintain a cumulative academic average of "C" (70%) or better as a qualitative factor to determine academic performance using grades, and/or work projects completed, and/or comparable factors measurable against a norm.
2. Maintain a cumulative average attendance level of at least two-thirds (2/3) (67%) of the scheduled hours indicated on their enrollment contract as a quantitative factor. For example, a student scheduled to complete 30 hours per week would have to maintain an average weekly attendance of at least 20 hours per week ($2/3 \times 30 = 20$).
3. A **maximum time frame** in which a student must complete the educational course or program that is no longer than 150% of the length of the educational course or program based on 100% attendance schedule measured in academic years, non-standard terms, or clock hours completed. Students who exceed 150% of course length are considered to NOT be making satisfactory academic progress and will be terminated.
4. Students on an approved Leave of Absence will have their contract period and **maximum time frame** extended by the same number of days as the leave of absence.
5. Evaluation periods are done at least by midpoint of the academic year or program for all students, whichever comes earlier. (Note: All evaluations must be completed within seven (7) business days following the established evaluation points)
6. Students who meet minimum requirements for attendance and academic performance are considered making satisfactory academic progress until their next scheduled evaluation.
7. **Only students who maintain satisfactory academic progress are able to be continuing their educational courses.**
8. A student's successful course completion percentage is based on the number of successfully completed hours divided by the cumulative number of hours attempted by the student.

9. Students will have access to SAP evaluation results at the time of the evaluation and upon request.
10. The institution allow for an initial status of satisfactory academic progress *warning* for students who are not considered meeting minimum standards for Satisfactory Academic Progress.
11. For those students who are re-entering after a period of withdrawal will be in the same progress status as when they left.
12. Adult students, parents or guardians of dependent minor students, **have the right to inspect, review, and challenge information contained in their education records.** However, a staff member must be present. Education records are defined as files, materials, and documents which contain information directly related to the student and are maintained by the institution.

EVALUATION PERIODS: Evaluations will be performed for all students based on the US Department of Education Regulations and definition of an Academic Year and will be performed at the end of each payment period. USDOE defines an academic year as being 900 clock hours & 26 calendar weeks, a payment period is defined as 450 clock hours & 13 calendar weeks per period. Based on the above definition the Cosmetology course will contain two (2) 450 clock hours payment periods & 26 weeks = 900 clock hours & 26 weeks and the remaining 700 hours of the course will be prorated and contain (2) 350 hour payment periods = 700 clock hours & 22 calendar weeks. Using the above definition(s) the following schedule will be followed for determining when the student will be evaluated: The evaluations(s) will be performed based on when the student actually reaches the end of each payment period. Based on Full-time enrollment status. Part-time enrollment status will be calculated based on the above formula.

SAP evaluation periods are based on actual contracted hours at this school. Students' compliance with the Satisfactory Academic Progress is assessed as follows (all hours are scheduled hours to be completed and based on actual contracted hours at the college):

Cosmetology: PP (1) 450 hours & 13 calendar weeks, PP(2) 900 hours & 26 calendar weeks, PP (3) 1250 hours & 37 calendar weeks and PP (4) 1600 hours & 48 calendar weeks. Based on Full-time enrollment.

Cosmetician, Manicuring-600 and Teacher Training: These courses shall be prorated based on the above definition of an Academic year 600 clock hours and 18 weeks . PP (1) 300 hours & 9 calendar weeks & PP (2) 600 hours & 18 calendar weeks. Based on Full-time enrollment.

Manicuring: The first evaluation will be conducted at the midpoint of the course (200 clock hours) and the final evaluation will be conducted at 400 hours.

GRADING SYSTEM / GRADING SCALE:

Students are evaluated on a regular basis on theory, practical and clinical work. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. Evaluation forms are issued to the students at the end of each evaluation period. The evaluation form reflects the overall Attendance (measured in actual hours & weeks) and Academic progress of the student. Students must maintain a "C" (70%) average to maintain satisfactory academic status. The system detailed below is the system utilized in the school.

ACADEMIC GRADING	THEORY GRADES FOR PRACTICAL WORK
100% - 90% A..... Excellent	(GPA 4) 04 POINTS = A
89% - 80% B.....Above Average	(GPA 3) 03 POINTS = B
79% - 70% CAverage	(GPA 2) 02 POINTS = C
69% - 60% DUn-Satisfactory	(GP A 1) 01 POINTS = D
59% - 00 % F.....Fail	(GPA 0) 00 POINTS = F

ACADEMIC WARNING:

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation.

ACADEMIC PROBATION:

The institution may allow for the status of probation for Students who are not considered meeting minimum standards for Satisfactory Academic progress if:

- a) The institution evaluates the student's progress and determines that the student did not make satisfactory academic progress during the warning or previous evaluation period; and
- b) The student prevails upon appeal of a negative progress determination prior to being placed on probation; and
- c) The institution determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period; or
- d) The institution develops an academic plan for the student that, if followed, will ensure that the student is able to meet the institution's satisfactory academic progress requirements by a specific point within the maximum timeframe established for

the individual student.

The student must provide a written appeal and demonstrate that they will be able to reach satisfactory Academic Process by the end of the probationary period.

APPEAL PROCEDURES:

Students must initiate the Appeal Process. Students who wish to appeal the decision that they are not making Satisfactory Academic Progress must submit:

- a) A written request to the institution's administrator. The letter should be received within (5) days of termination and must describe any circumstances related to the student's academic standing which the student believes deserve special consideration. The administrator shall evaluate the appeal within a reasonable time frame (5-10) days and notify the student in writing of the administrator's decision. The committee shall provide written notice to the student of its decision within a reasonable time frame.(5-10 days). The decision of the committee shall be final. Students that prevails upon the appeal process, re-entering the program after an interruption of training, or having re-established satisfactory progress, and determined as making satisfactory progress will be reentered in the course and will be reinstated. *Students accepted for re-entering the program that previously were not making satisfactory progress; they will reenter in the same satisfactory academic progress status that was in place at the time of withdrawal.* They must attain their satisfactory progress status by the next scheduled evaluation, of re-entry.
- b) The reasons for which a student may appeal such as the death of a relative, an injury or illness of the student, or other allowable special circumstances;
- c) Documentation, the student must submit regarding why the student failed to make satisfactory academic progress and what has changed in the student's situation that will allow the achievement of satisfactory academic progress at the next evaluation.

The appeal and result of the appeal documents will be kept in the student's file.

COURSE INCOMPLETENESS:

Course incompleteness, withdrawals, repetitions and non-credit remedial course are not applicable to this institution's form of instruction.

LEAVE OF ABSENCE:

An authorized leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance. An LOA must meet certain conditions to be counted as a temporary interruption in a student's education instead of being counted as a withdrawal requiring an institution to perform a refund calculation.

We do allow a Leave of Absence for students that may experience a severe medical or legal problem(s) which may make it difficult for them to attend class. The institution may allow a student under such severe medical or legal circumstances to take a Leave of Absence (LOA) from the program for up to 180 days in a 12-month period.

In order for an LOA to qualify as an approved LOA:

1. The LOA must be requested in writing and signed in advance unless unforeseen circumstances prevent the student from doing so. **It must include the reason for the student's request.** In unforeseen circumstances in which the student is not able to request a LOA prior, the institution will document the reason and collect the LOA request at a later date. The beginning date of the approved LOA would be the first date the student was unable to attend school. The LOA request form must be filled out and the date of leave and return must be stated on the form prior to the school official approving the LOA. There must be a reasonable expectation that the student return to school after the LOA.

2. Students on LOA's will not be assessed any additional charges of tuition. Students returning from an authorized LOA will retain all credit for clock hours and work projects completed and will be returned to the academic progress status they held prior to the start of the leave of absence. In addition, students returning from a LOA will have his/her *maximum time frame* to complete the course extended by the same number of days as the leave of absence. The student's contract period will also be extended by the same number of days as the LOA. **The changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties.**

3. If a student does not return to the institution at the expiration of an approved LOA (or a student takes an unapproved LOA), the withdrawal date for the purpose of calculating a refund is always student's last day of attendance. The refund calculation will be performed and all refunds due will be issued to the student or appropriate agencies and will be paid within 45 days, depending on the financial source.

4. A student granted an LOA that meets the above requirement is not considered to have withdrawn, and no refund calculation is required at that time.

This policy has been revised and becomes effective January 31, 2019.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS & TRANSFER HOURS:

Students may re-establish satisfactory progress as applicable, by meeting minimum attendance and academic requirements by the end of the probationary period. *Transfer hours from another institution that are accepted towards the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted.* SAP evaluation periods are based on actual contracted hours at the institution. Your current educational program will not impact your current SAP as they are counted as both attempted and completed hours.
