POLICY FOR VERIFICATION OF TITLE IV FUNDING:

Once a student completes and submits the FAFSA to the Central Processing System (CPS), there is a possibility that the application will be selected for a process called "Verification." The Verification process is the way in which an Institution must confirm the information listed on the FAFSA is accurate and ensures that eligible students received all the federal financial aid to which they are entitled. If you are selected for Verification, you must complete the process in its entirety before your FAFSA is considered complete.

If you are selected for Verification by the Department of Education, there will be an asterisk next to your Expected Family Contribution (EFC) on your Student Aid Report (SAR). Additionally, VICTORY CAREER COLLEGE will notify each student via phone call or email. VICTORY CAREER COLLEGE will also provide to the student a Verification Worksheet along with instructions for submitting verification documents to the Institution. VICTORY CAREER COLLEGE reserves the right to institutionally select any student, even those not selected by the Department of Education, for Verification based on discrepant or incomplete information reported on the FAFSA. Time period to submit verification documents:

All Financial Aid applicants selected for Verification must complete the process by the deadline published in the Federal Register. Students are notified, in a timely manner, of all required documents to submit to the Institution. The verification process cannot begin and/or be completed until all required documents are submitted. Generally, from the time we send the student the initial notice, students are given 14 calendar days.

Consequences for failing to submit documents in time:

∅ Documents not submitted timely could result in:

- 1) The student being responsible for paying his/her fees out of pocket.
- 2) The student cannot be processed for a Financial Aid award.
- 3) The student not being considered for a Financial Aid Deferment.
- 4) The program- year ending with the student having an outstanding balance with the Institution. This could result in late fees and the student's account being turned over to a collection agency.

Collection procedures shall reflect ethical practices. Our accreditor's name is not used for collection effort. Collection agency and/or third parties' correspondences regarding cancellation and settlement from the institution itself acknowledge and comply with the Withdrawal and Settlement Policy of Victory Career College.

Professional Judgment and Dependency Override: If a prospective student feels they have had an unusual circumstance, including they have proof/detailed statements (I.e. Severe family situations, financial or medical hardship), they can contact our Financial Aid Director, David Mokhtarian in the main office or by email at david@victorycareercollege.edu.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits that you earn at Victory Career College is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the diploma that you earn from Victory Career College is also at the complete discretion of the institution to which you may seek to transfer. If the diploma that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Victory Career College to determine if your diploma and/or credits will transfer.

TRANSFER STUDENTS

Transfer means you may be able to use the "clock hours" you have earned at an Institution*, that is closed or that you are transferring from, toward the completion of a similar or identical program of study at VC College. You MAY incur additional costs. You may be required to repeat some or all of the course work. Applicants with previous hours from approved BPPE (including CAMTC approved Institutions starting 1/1/2015) California based massage or cosmetology Institutions who wish to enroll in VC College must request permission during the admissions process for the Admission Officer to determine if those hours will be accepted, and be able to show Proof of Training or Transcript and Record of Withdrawal from the previous California Institution at enrollment or prior to completion; failure to provide the required documentation of previous training prior to completion of the course, will result in those transfer hours not being approved, and student may have to complete the course in which he seeks to transfer.

If the applicant is transferring barbering, cosmetology, skin care or nail care hours from another state or from another country, the applicant must first contact California's Board of Barbering and Cosmetology (BBC) and make application for approval of hours from the previous Institution. The California BBC will then issue a letter indicating the credit it will approve for the hours taken at the previous Institution along with requirements. VC College will then make the final decision based on the information in the California BBC's letter. Appropriate transfer of clock hours will be granted for prior training or experience upon review and verification by college officials. The validity will be based on the Cosmetology Act and the Board of Barbering and Cosmetology Rules and Regulations. Occasionally, a student's acceptance by VC College will depend entirely on the Board of Barbering and Cosmetology. The some or any part of accepted transfer hours are at the discretion of VC College. **If more than 70% of the required clock hours will be transferred to VC College, the applicant may enroll after instructor's senior skills evaluation of the comprehension of the material by the applicant. No more than 250 hours from an approved CAMTC Institution can be transferred from another Institution.** VC College does not charge transfer fees.

*Our Institution does not recruit students already attending or admitted to another Institution offering a similar program of study. This institution has not entered into an articulation or transfer agreement with any other college or university.

RE-ADMISSION POLICY

All students who withdraw may re-enter into the program without the loss of clock hours provided it is within five (5) years from the date of withdrawal. All records for students are stored for six(6) years. The institution reserves the right to evaluate the previous enrollment and to verify that the student was in good standing with the institution before the student is accepted for re-enrollment. The Institution will charge an application fee for students enrolling or transferring or re-entry to the Institution of \$100.00. The tuition rates current at the time of re-admission will apply to the balance of training hours needed for students who re-enroll more than 180 consecutive calendar days after the formal withdrawal date unless mitigating circumstances apply. Students who withdraw and then reenter the same program at the same Institution within 180 consecutive calendar days are considered to be in the same payment period he or she was in the time of the withdrawal. The student retains his or her original eligibility of that payment period and is treated as though he or she did not cease attendance. For Title IV eligible students, the Institution will restore the type and amount of aid the student was eligible for before the student ceased attendance, and schedule the appropriate disbursements. Actions to be taken by the Institution will include:

- ◆ reimbursing aid that had been disbursed and then returned under the R2T4 provisions;
- ◆ disbursing aid the student was otherwise eligible for that had not yet been disbursed at the time the student withdrew; and
- ◆ canceling any overpayments assessed the student as a result of the prior withdrawal if those funds were disbursed upon reentry.

Once the student completes the payment period for which he or she has been paid, he or she becomes eligible for subsequent Title IV student aid payments.

Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. Students re-entering after 180 consecutive calendar days will be charged at the current tuition rates for newly entering students. Students returning within 180 consecutive calendar days will keep the initially contracted rate.

Consistent with Leave of Absence (LOA) This arrangement is similar to a LOA, and the 180-day time frame is consistent with the maximum 180 days allowed for an approved LOA in the Return regulations. The difference, of course, is that with an unauthorized LOA, the institution would not know that the student would be returning and would have treated the student as a withdrawal. Based upon that withdrawal, the institution would have completed the R2T4 calculation, which may have required both the institution and the student to return funds to the Title IV programs.

If the student returns within 180 days to his or her original program, while an official leave was not granted and the provisions of the Return regulations were applied, upon the student's return, the student can be treated as though he or she had been on an approved LOA.

ACADEMIC FREEDOM"Academic Freedom" means the degree to which faculty at an institution are allowed latitude with respect to their discussions with students and the positions they take. Under such a policy, a faculty member can articulate or even advocate positions or concepts which may be controversial in nature without fear of retribution or reprisal. Victory Career College allows for "Academic Freedom" when an instructor explains personal professional experience to the class and voluntary sharing personal information pertaining to the scope of the program with the class or with an individual with the objective to share a learning experience and sharing the positive or negative outcomes of such professional experience.

CALIFORNIA CERTIFICATION: The **CALIFORNIA MASSAGE THERAPY COUNCIL (CAMTC)** handles voluntary certification of massage therapists and will give the titles of CMT consistent throughout the state. This gives local jurisdictions the benefit of professional evaluation of training, education, experience, etc. CAMTC is a private nonprofit organization that provides voluntary certification to qualified individuals. Victory Career College does not issue "license" or "permit". CAMTC voluntary certification is a preferable certification to those who choose not to apply (or who do not qualify) for certification are not prohibited from practicing in California, as it is, by law, a voluntary certification. However, most professional massage therapists want and use the CMT/P title. A city may choose to use CAMTC certification as a prerequisite or replacement for a permit. Or cities may request a business permit instead. It varies city to city. As of January 2015, to receive a CAMTC voluntary certification: One must complete a 500 clock hours MT program and one must pass a CA State Approved Exam; both must be approved by CAMTC. Massage professionals are required to comply with any local massage regulations. However, most massage professionals will find that being able to operate with a single massage certification statewide is preferable. CAMTC certificate holders are required to prominently display their original certification at their place of work. CAMTC certificate holders are also required to have their CAMTC ID card in their possession while they are working and to produce it if requested. CAMTC certificate holders are protected from certain regulations that cities and counties may impose on other massage professionals. Government Code section 51034 generally identifies regulations that cities and counties may not impose on CAMTC certified massage professionals.

PERMIT REQUIREMENTS:In order to practice the art of massage in an establishment, a permit/business license may be required and must be secured by your local jurisdiction. Each city/state has certain requirements and the fees vary. In case the CAMTC certification is authorized in lieu of a permit/business license, one must follow the CAMTC's Law related to unfair business practices as related to massage:

- (1) Pursuant to California Business and Professions Code section 4611, it is an unfair business practice for a person to do any of the following:
- (a) To hold himself or herself out or to use the title of "certified massage therapist" or "certified massage practitioner," or any other term, such as "licensed," "certified," "CMT," or "CMP," in any manner whatsoever that implies or suggests that the person is certified as a massage therapist or massage practitioner, unless that person currently holds an active and valid certificate issued by the California Massage Therapy Council.
 - (b) To falsely state or advertise or put out any sign or card or other device, or to falsely represent to the public through any print or electronic media, that he or she or any other individual is licensed, certified, or registered by a governmental agency as a massage therapist or massage practitioner.

The acceptance of massage therapist by mainstream organizations and society at large has created a multitude of opportunities for massage therapist with employment for renting a space to commission, from self-employed to employee status. BACKGROUND CHECK

The California Board of Barbering and Cosmetology applications for examination and the California Massage Therapy Council require an applicant to disclose background information relating to any conviction or plea of no contest to any violation of any law of the United States, in any state, local jurisdiction or any foreign country to determine a student's eligibility to take the licensing exam or to receive a massage certificate. Individuals who have been convicted of a crime can still apply. The Board will request documents relating to a conviction to be included with the application. These are reviewed and evaluated on a case-by-case basis.

It is the student's responsibility to determine if any past criminal conviction will prevent them from obtaining the required state license or any local license or permit for Massage Therapy. 5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. All Programs - Time Clock Policy

The Board of Barbering and Cosmetology will only recognize time clock hours of attendance. As a result, this Institution only gives clock hour credit to students who record their attendance by using the time clock in and out at the start and end of the class day and lunch period. Hours and grades are calculated rounded up to the nearest whole number. The vein reader is in suite G100*. Times to access the vein reader are 8 am to 10 pm on business Institution days. When emergency arises, a student may ask to leave during a class in session at night, however, that student must be escorted.

Scheduled theory class starts: 8 am, 10 am, 12:30 pm, and 5 pm. Grace period to enter a scheduled class is 15 minutes maximum; after the 15 minutes grace period, student must wait for the next class break to enter class to not disturb the session. Multiple lateness is a violation of the attendance policy.

Park near suite G100 to clock-in is prohibited and considered an Institution rule's violation. Student may park in the back of Suite L103 (perpendicular to Knox Street), then walk to G100 to clock-in. Driving cars while being clocked-in is a violation. License plate numbers may be collected, and it is student's financial responsibility to pay a fine.

There is a mandatory 30-minute lunch break from 12:00pm to 12:30pm. It is automatically deducted. A thirty-minute (30) break must be taken when a student attends a six (6) hour class day or more, student must clock out/in. If attending less than a 6-hour class day a lunch break (30 minutes) may be taken and a half hour must be deducted from your daily total and you must clock in/out on your time card for the break.

Time cards for Cosmetology/Barbering/Skin & Nail Care programs: The daily theory and operations earned are added to the totals in the daily columns and final totals transferred as the cumulative amount in the "prior" column on the new weekly time card. The time card must be signed by the student and the instructor daily. Instructors may not sign a student in or out. Cumulative amount of theory/operations/attendance is put on the new time card each Monday by the instructor.

Time cards reflect the student's daily record of effort for Barbering, Cosmetology, Skin & Nail Care students. It is important that all operations are recorded properly and accurately. The time cards are the property of VictoryCareer College and must remain on the Institution campus at all times. Time cards will be retained and stored in their entirety for 6 years by the Institution. Students are not allowed to enter credits on time card unsupervised.

Time Card Credit: The following is a guideline for the instructor to issue credits.

1. Each Theory must be given in the proper category. If that category is complete, the instructor may issue credit in a comparable category.
2. The portion of the time card reflecting hours are in the Theory hours earned and any classes the instructor has demonstrated.
3. The portion of the time card concerning operations is to be applied effort of the student as s/he performs practical operations.

4. Live models are encouraged to attend the workshop's floor. 50% off of the service price is allotted to Friends and Family member's first visit. Massage program may get 50% of their clinical requirements on friends and family 50% off when public is not available. Public clientele comes first.

Only one time card can be used each week. Taking time card out of site, copying or falsifying information is not allowed and will be considered a violation. Only the Director can make an exception.

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

Satisfactory Academic Progress is the qualitative (grade point average) and quantitative (attendance) measure of a student's progress toward completing a program of study. Hours and grades are calculated rounded up to the nearest whole number.

Students must meet formal standards that measure their satisfactory progress toward graduation as well as pace of course completion within the specified time frame. The policy is consistently applied to all students and complies with the guidelines established by the Institution's accrediting/state agencies and the federal regulations established by the US Dept. of ED. The policy is provided to students prior to enrollment

EVALUATION PERIODS Students are evaluated for Satisfactory Academic Progress as follows:

<u>Cosmetology Course:</u>	450, 900, 1250 scheduled hours
<u>Massage Therapy Course & AK Class (720):</u>	360 scheduled hours
<u>Skin Care & Nail Care:</u>	300 scheduled hours
<u>Massage Therapy (500):</u>	250 scheduled hours
<u>Barbering (1500):</u>	450, 900, 1200 scheduled hours
<u>Crossover Courses:</u>	100 scheduled hours or Midpoint if enrolled in more hours than standard 200 or 300 hours.

Factors for measuring the student's progress toward satisfactory completion of the program include maintaining the following:

1. Minimum cumulative grade point average (GPA) of 70%.
2. Minimum cumulative attendance level of 70% of contracted hours.
3. GPA of 70% is required for graduation as well as attaining satisfactory progress.

In order to determine the rate of attendance, divide the cumulative number of actual hours completed by the scheduled hours to date.

Transfer Students will be evaluated at the Midpoint of the contracted hours or established evaluation periods, whichever comes first. Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint of the course. Evaluations are based on scheduled hours.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 70% of the possible hours based on applicable attendance schedule to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of such evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, VC College will determine if the student has maintained at least 70% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed. Hours and grades are calculated rounded up to the nearest whole number.

Students failing to meet minimum requirements for attendance or academic progress will be placed on Financial Aid Warning for the next evaluation period. A student who has lost applicability for Title IV assistance will have the option to make other financial arrangements to continue attending Institution. Students will need to pay total balance by graduation. Students must complete the educational program within the maximum time frame which is based on attending 143% of the scheduled hours. In the case of Leave of Absence (LOA), the maximum time frame will be extended by the number of days in the LOA.

COMPLETION OF COURSE WITHIN DESIGNATED PERIOD OF TIME

Students whose transfer hours are accepted by the Institution are applied to the total number of hours necessary to complete the program and are considered both attempted and completed hours.

MAXIMUM TIME FRAME

Students must complete the educational program within the maximum time frame which is based on attending 143% of the scheduled hours. In the case of Leave of Absence (LOA), the maximum time frame will be extended by the number of days in the LOA

NON-CREDIT & REMEDIAL COURSES

Course incompletes, repetitions, and non-credit remedial courses do not apply to this institution, therefore, have no effect upon the Institution's Satisfactory Academic Progress standards. Victory Career College does not offer any non-credit or remedial courses.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted towards completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two (2) practical comprehensive skills evaluations will be conducted during study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the Institution. Students must maintain a written grade average of 70% and pass a FINAL written and practical exam prior to graduation (for cos, skin & nail students). Numerical grades are considered according to the following scale:

ACADEMIC GRADING	PRACTICAL EVALUATION
100% - 90% = A = Excellent 4.0	YES =Criteria MET
89%- 80% = B =Above Average 3.0	NO =Criteria NOT MET
79% - 70% = C =Average 2.0	I = Incomplete work pending a grade
69% - 00% = Fail=Unsatisfactory 0.0	Below 70% or Below 2.0 =May have Title IV Funding interrupted

DETERMINATION OF PROGRESS STATUS

Students meeting minimum requirements for academics (C, 2.0 or 70%) and attendance (70%) at an evaluation point are making satisfactory academic progress until the next scheduled evaluation. Students will be provided a copy of their completed SAP evaluation form after their SAP counseling. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation. **Evaluation period consists of: for the next ten consecutive scheduled days, from the date of student signature, must have zero absences and/or 70/100 academics.**

Step 1: WARNING

Students failing to meet minimum requirements for attendance or academic progress will be placed on Financial Aid Warning for the next evaluation period. The student will be counseled regarding actions required to attain satisfactory requirements by the next evaluation point. During the Financial Aid Warning period, students are eligible, if applicable, to receive financial aid funds. If at the end of the Financial Aid Warning period, the student has still not met both the attendance and academic progress requirements, he/she will be determined as not making satisfactory progress and will be ineligible for Title IV assistance.

Step 2: APPEAL PROCEDURES: Students must initiate the Appeal Process.

If a student is determined as not making satisfactory progress or is terminated for not making satisfactory progress, the student may appeal the negative determination.

The student must submit a written appeal (see Financial Aid Office for official Appeal Policy Form) to the Institution administration within five (5) business days of not making satisfactory progress or termination. The student must include any supporting documentation of reasons why the determination should be reversed. If the student fails to appeal this decision, the decision will stand. If a student is terminated for gross misconduct, which includes but is not limited to reporting to Institution under the influence of alcohol or illegal drugs, cheating, stealing, insubordination, and threats and/or bullying, such termination is final and may not be appealed.

An appeal hearing will take place within fifteen (15) business days of receipt of the written appeal. This hearing will be attended by the student, parent/guardian (if the student is dependent minor), the student's instructor, and the Director of Education. A decision on the student's appeal will be within three (3) business days by the Director of Education and will be communicated to the student in writing. This decision will be final. Should a student prevail on his/her appeal and be determined as making satisfactory progress, the student will be automatically re-entered in the course, and financial aid funds will be reinstated to eligible students.

Step 3: PROBATION

Students who fail to meet minimum requirements for attendance and/or academic progress after the warning period may be placed on probation and considered to be making satisfactory progress during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who can meet the Satisfactory Progress Policy standards by the end of the evaluation period may be placed on probation. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements, s/he will be determined as NOT making satisfactory academic progress and, if applicable, student will not be deemed eligible to receive Title IV funds.

Financial Aid Students: Students who fail to meet minimum requirements for attendance and/or academic progress after the warning period may be placed on probation and considered to be making satisfactory progress during the probationary period, if the student appeals the decision, and prevails upon appeal. The student is placed on Financial Aid Probation for one evaluation period. If at the end of the Financial Aid Probation the student has not met both academic and attendance requirements for two consecutive periods, the student will be determined as not making satisfactory progress and will be terminated.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS: Students may re-establish satisfactory progress and Title IV aid, if applicable, by meeting minimum attendance and academic requirements by the end of the probationary period.

TRANSFER HOURS: Transfer hours from another institution that are accepted towards current educational program will not impact current SAP as hours are counted as both attempted and completed. Satisfactory evaluations periods are based on actual contracted hours at the institution.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS: Course incompletes, repetitions and non-credit remedial courses have no effect upon the student's satisfactory academic progress. If enrollment is temporarily interrupted for a Leave of Absence, the student will return to Institution in the same progress status prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum timeframe by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. A student who withdraws prior to completion of the course and requests to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. Student re-entering after a period of withdrawal in the same progress status as when they left.

Students re-entering after 180 days will be charged at the current tuition rates for newly entering students. Students returning within 180 days will keep the initially contracted rate.

INSTITUTIONAL CANCELLATION, WITHDRAWAL AND REFUND POLICY

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or Institution closure.

CREDIT BALANCES:

- a. Institutional credit balances-Any monies due the applicant or students shall be refunded within 45 days of official written cancellation or withdrawal.
- b. Title IV credit balances- Any monies received by the student that exceed the cost of tuition are required to be paid out 14 days from the day the Title IV credit balance was created.

- a. Example: Student charges for the payment period are \$1500 and the student is receiving \$2000 in Pell or Loans. The \$500 credit balance would be required to be paid out 14 days from the day the Title IV credit balance was created. If the student had tuition due of \$2000, Paid \$500 out-of-pocket and received \$2000 in Pell or loans, this would not be considered Title IV credit and would be subject to Institutional Refund policy of 45 days.

Official cancellation or withdrawal shall occur on the earlier of the dates that:

1. An applicant is not accepted by the Institution. The applicant shall be entitled to a refund of all monies paid less non-refundable application fee (\$100).
2. "Right to Cancel": A student (or in the case of a student under legal age, his/her parent or guardian) gives a written Notice of Cancellation through attendance at the first-class session, or the seventh business day after enrollment, whichever is later. In this case all monies collected by the Institution shall be refunded, regardless of whether the student has actually started classes less non-refundable application fee (\$100). If the student has received federal student financial aids funds, the student is entitled to a refund of moneys not paid from federal aid program funds.
3. "Right to Cancel": A student cancels his/her enrollment after seven (7) business days of signing the contract but prior to starting classes. In these cases, he/she shall be entitled to a refund of all monies paid to the Institution less the non-refundable application fee in the amount of \$100 and less Books/ Kits/Fees. If the student has received federal student financial aids funds, the student is entitled to a refund of moneys not paid from federal aid program funds.
4. A student on an approved Leave of Absence (LOA) notifies the Institution that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning. Any refund is calculated from the last date of attendance.
5. A student is expelled by the Institution. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 14 days.)
6. In type 2, 3, 4 or 5, official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the Institution administrator or owner in person.

For students who enroll and begin classes but withdraw prior to course completion, the following schedule of tuition earned by the Institution applies:

(this policy is in accordance with NACCAS refund policy-<http://naccas.org/naccas/Policies>)

Student who has completed 60 % OR less of the program will receive a pro rata refund. There will be no refund if student has completed more than 60% of the period of attendance of the program, the Institution then retains 100% of all charges. All refunds are pro-rata based on scheduled hours. The refund is calculated based on the last day of attendance.

Example:

Amount of refund to Students after the 100 percent refund cancellation period has passed.

For the example purpose, assuming a student has completed 300 hours of barbering 1500 hours program.

Barbering 1500 Hours Program: Tuition (refundable) \$10,500 and Books/ Student Kit/Tax (non-refundable) \$1,874.79 and Application Fee (non-refundable) \$100.00

SCHEDULE OF TOTAL CHARGES FOR BARBERING COURSE FOR A PERIOD OF ATTENDANCE \$12,464.79

ESTIMATED SCHEDULE OF TOTAL CHARGES OF BARBERING PROGRAM \$12,464.79

Hourly charges for instruction is derived as follows:

Divide tuition \$10,500 by 1500 Hours = \$7.00 is the hourly charge for instruction.

The amount of monies owed by the student for tuition:

Multiply 300 hours of scheduled hours TIMES \$7.00 (hourly charge for instruction) = \$2,100

Total amount of refund is calculated as follows:

\$12,464.79 (Total Charges) - \$100 (non-refundable application Fee) - \$1,874.79 (non-refundable Books/ Kit/Tax) - \$2,100 (amount owed by Student for tuition cost for 300 clock hours) = \$8,390 is the refund amount owed to the student.

This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges that the student may have incurred at the institution (EG: extra kit materials, books, products, unreturned Institution property, etc.) will be calculated separately at the time of withdrawal. UNOFFICIAL WITHDRAWALS

Unofficial Withdrawal: Any student absent more than 14 consecutive calendar days will be terminated on the 14th day.

RETURN OF TITLE IV POLICY

The Federal Return of Title IV funds formula ("R2T4") dictates the amount of Federal Title IV aid that must be returned to the federal government or the lending institution by the Institution and/or the student. The R2T4 formula is applicable to an eligible student receiving federal aid when that student withdraws or is terminated from the Institution.

A student's withdrawal date is used to calculate the percentage of the payment period completed and is always the student's last date of attendance/clocked hours. The date of determination is the earlier of:

- The date the student notifies the Institution of the student's withdrawal or the date of the student's withdrawal, whichever is later.
- The Institution terminates the student's enrollment as provided in the Enrollment Agreement.
- If a student does not return or call from the student's leave of absence within 72 hours (or three day) of the student's expected return, the student shall be considered terminated.
- If the student unofficially withdrew, the 14th calendar day of consecutive absence from the Institution.

The amount of Title IV funds earned by the student is based upon the length of time the student is scheduled to complete in the payment period. The percentage of Title IV aid earned is equal to the percentage of the payment period that was completed as of the withdrawal date if this occurs on or before 60% of the payment period has been completed. After 60% of the payment period has been scheduled to be complete, 100% of the Title IV funds are earned. The percentage that has not been earned is calculated by subtracting the percentage of Title IV aid earned from 100%.

The percentage of the payment period completed is calculated by the number of clock hours the student was scheduled to complete in the payment period as of the withdrawal date divided by the total number of clock hours in the payment period.

The amount to be returned is calculated by subtracting the amount of Title IV assistance earned from the amount of Title IV aid that was or could have been disbursed as of the withdrawal date.

If a student has earned more Title IV funds than have been disbursed, the Institution must offer the amount of earned funds as a post-withdrawal disbursement.

Post-withdrawal disbursements may be offered from Pell Grant funds first if eligible. If there are current educational costs due the Institution at the time of withdrawal, a Pell Grant post-withdrawal disbursement will be credited to the student's account. Any Pell Grant funds in excess of current educational costs may be offered to the student if eligible. Any federal loan program funds due in a post-withdrawal disbursement must be offered to the student and the Institution must receive the student's permission before crediting their account.

The following Title IV refund distribution is used for all Financial Aid students due a refund:

1. Unsubsidized Direct Stafford Loan 2. Subsidized Direct Stafford Loan 3. Federal Direct Parent PLUS Loan 4. Federal Pell Grant 5. Federal Supplemental Opportunity Grant 6. Other Title IV assistance

Any unearned Title IV funds must be returned to the appropriate program within 45 days of the date of determination. Any unearned funds that have not yet been disbursed to the student must be offered to the student within 30 days of the date of determination if not applied directly to the student's account.

The statute requires that a student is responsible for all unearned Title IV program assistance that the Institution is not required to return. This is determined by subtracting the amount returned by the Institution from the total amount of unearned Title IV funds to be returned. The federal or state government or a loan guarantee agency may act against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan. The student may not be eligible for any other federal student financial aid at another institution or other government financial assistance until the loan is repaid.

*The entire R2T4 Refund Policy is in the CID (Customer Information Disclosure)

ENROLLMENT TIME is defined as the hours of attendance, that portion of the course scheduled to be completed on the student's last day of physical attendance in the Institution. Any monies due the applicant or student shall be refunded promptly (within 45 days) after formal cancellation by the student or formal termination by the Institution, which shall occur no more than 15 days from the last day of physical attendance, or in the case of a leave of absence, the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that they will not be returning.

Make-up Policy The California Massage Therapy Council requires 500 clock hours of supervised class time.

LEAVE OF ABSENCE:

- A Leave of Absence (LOA) is a temporary interruption in a student's program of study and refers to a specific time period of non-attendance.
- LOA's are granted a minimum of 14 days but may not exceed 180 days in a calendar year.
- Multiple LOA's may be granted in any 12-month period with a minimum increment of fourteen (14) days.
- The student is required to follow the Institution's policy in requesting the LOA.
- A LOA will not be granted if the Institution does not have a reasonable expectation that the student will return from the LOA.
- Only LOA requests which follow the Institution policy will be approved.
- Victory Career College may not assess the student any additional institutional charges as a result of the LOA.
- The Institution will not assess the student any additional institutional charges, the student's need may not increase, and the student is not eligible for any additional Federal Student Aid.
- The Institution does not grant a LOA which does not meet the conditions of an approved LOA for Title IV purposes (for example, for academic reasons), the Institution considers this a withdrawal for Title IV purposes.
- LOA has no effect on the "Satisfactory Academic Progress Standard".
- If student was deemed maintaining Satisfactory Academic Progress prior to LOA or withdrawal of training, upon his/her return, the student is deemed in good standing and may continue the program of study from the point of interruption.
- Total number of days allowed for a LOA may not exceed 180 days in a 12-month period.
- Total number of days taken in the LOA must extend the contract period by the same number of days and changes must be initialed by all parties or an addendum must be signed and dated by all parties.
- Student's on approved LOA need to be aware that said LOA may affect financial aid. Therefore, before final consideration is given to grant the requested LOA, a Financial Aid Advisor will meet with the student and provide information regarding the following:
 - loan obligations
 - possible revisions in his/her aid package
 - deferment options
 - notification to lending institutions
 - deferments may be canceled
 - grace periods exhausted
 - consequences of not returning to Victory Career College at the expiration of the LOA ,etc.
- For students receiving Title IV funds, all Guidelines below must be adhered to or the student will be considered withdrawn.
- A student who has been granted an LOA will be considered withdrawn if he/she does not return to Institution at the end of the LOA. In said case, the student should be informed that the last day of physical attendance is used for the purpose

of calculating the Return of Title IV funds.

- Should withdrawal result, a student's grace period for a Title IV loan program might be exhausted.
- If a student does not return or call from the student's leave of absence within 72 hours (or three day) of the student's expected return, the student shall be considered terminated.

Guidelines :

A Leave of Absence (LOA) will be granted if the request meets the following:

1. Submitted to the Institution in advance unless prevented by *unforeseen circumstances:
*Victory Career College may grant a LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances, if the institution documents the reason for its decision and collects the request from the student at a later date and in this example, the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend because of the accident.
2. There must be a reasonable expectation that the student will return from the LOA.
3. Submitted in writing, signed and dated with reasons for request explained in full.
4. Victory Career College allows a Leave of Absence for a student that may experience a severe medical, legal or personal issue which makes it difficult for her/him to attend class.
5. Request must be approved by Institution official.

A student who meets the criteria above and is granted a LOA is not considered to have withdrawn and no refund calculation is required at that time.

To request full one hundred eighty (180) day Leave of Absence, complete documentation and certain conditions will be needed to support said request ... i.e.: jury duty, military reasons including National Guard requirements, circumstances meeting criteria covered under FMLA (Family & Medical Leave Act of 1993).

MASSAGE THERAPY:

As of January 2015, to receive a CAMTC voluntary certification: One must complete a 500 clock hours MT program and one must pass a CA State Approved Exam; both must be approved by CAMTC. Massage professionals are required to comply with any local massage regulations. However, most massage professionals will find that being able to operate with a single massage certification statewide is preferable. CAMTC certificate holders are required to prominently display their original certification at their place of work. CAMTC certificate holders are also required to have their CAMTC ID card in their possession while they are working and to produce it if requested. CAMTC certificate holders are protected from certain regulations that cities and counties may impose on other massage professionals. Government Code section 51034 generally identifies regulations that cities and counties may not impose on CAMTC certified massage professionals.
