Our faculty is comprised of practicing business professionals who, in combination with solid educational credentials and a strong desire to teach, provide a unique education that is immediately useful on the job.

East Valley College offers programs that keep up with the requirements of the business world. Our programs enable students to earn the certificate or diploma they need to advance their career in the shortest timeframe possible, consistent with quality education, without having to give up their present jobs.

Although the specific goals of every student are different, your decision to further your education will be the "defining moment" for you as you begin the rest of your life. **Remember**, THE FUTURE BELONGS TO THOSE WHO PREPARE FOR IT.

Every member of East Valley College community is expected to engage in action that leads towards the development of a more democratic and inclusive community. Proactive efforts towards increasing diversity and the elimination of discrimination are necessary in our East Valley College.

In accordance with Titles VI and VII of the Civil Rights Act of 1964, the Equal Pay Act of 1963, the Age Discrimination in Employment Act of 1967, Executive Order 11246, Title IX of the Education Amendments of 1972, Section 503 and 504 of the Rehabilitation Act of 1973, The Americans with Disabilities Act, the Vietnam Veterans Readjustment Assistance Act of 1974, and all other applicable civil rights and nondiscrimination statutes, East Valley College prohibits discrimination on the basis of race, color, religion, sex, national origin, age, ancestry, disability, and veterans status.

Equal Opportunity Policy

East Valley College is also proud of its goal to help all individuals realize their potential. To this end, East Valley College is committed to providing an equal opportunity for all qualified individuals to be considered for employment, benefits and conditions of employment, educational programs and activities, regardless of race, religion, color, sex, disability, national origin, ancestry, age, veteran status, sexual

orientation, marital status or parental status. East Valley College leaders and supervisory personnel shall recruit, hire, train and promote persons in all job titles utilizing only valid requirements related to the position functions. A school community that provides equal opportunity in hiring and all conditions of employment will make significant strides towards the elimination of discrimination. Thus, East Valley College applauds every effort to create a positive working and learning environment for all individuals. For more information regarding non-discrimination or to resolve complaints contact the school's Executive Director

Student Conduct

Students are expected to dress and act properly while attending classes. At the discretion of the school administration, a student may be dismissed from school for a serious incident or repeated incidents of an intoxicated or drugged state of behavior, possession of drugs or alcohol upon school premises, possession of weapons or disrespectful behavior to other students, an administrator or faculty member or any other stated or determined infractions of conduct.

Students shall at all time, when on the school premises, conduct themselves in an orderly and considerate manner, and shall appear for classes in a sober and receptive condition. Violations of the school's conduct policy include, but are not limited to, the following:

- Destroying or damaging school property.
- Use any illegal drugs or alcohol while on school property or attending school while under the influence of illegal drugs or alcohol.
- Cheating on a school examination.
- Engaging in any unlawful action.
- Breach of or privacy or modesty
- Sexual overtures, explicit or implied

Exhibiting violence, insubordination, or inappropriate language toward any school staff or another student.

Substance Abuse

East Valley College recognizes that individuals sometimes use substances such as alcohol and drugs to an extent that impairs their abilities. This policy is implemented because East Valley College believes that any students' impairment due to the use of substances is likely to place that student, other students, clients, employees, and other personnel, at risk.

Our policy on substance abuse remains consistent whether alcohol, marijuana, illegal prescription, and/or controlled substances are at issue. For the purposes of this policy, "substance" refers to any of the above. "Impairment" or "being impaired" refers to a state in which normal physical or mental faculties in use at school have been detrimentally affected by a substance. A "substance abuser" is

anyone who uses drugs for non-medical purposes, and this use detrimentally affects academic performance or interferes with normal social adjustment at school.

Any student attending school while impaired or who becomes impaired while at school will be found in violation of school policy and will be subject to severe disciplinary action. Such action can include suspension, dismissal, or other penalty appropriate to the circumstances. Likewise, the use, possession, transfer, or sale of any substance on school premises or in any East Valley College parking space, storage area, or job site, is prohibited and subject to severe disciplinary action. Students using prescription drugs have a duty to report this to their instructors, and school officials in case an adverse reaction to the medication occurs while at school, and in case the student is falsely accused of using an illegal substance. When a student is involved in the use, possession, transfer, or sale of a substance in violation of this policy, East Valley College may notify the appropriate authorities. Such notice will be given only after the incident is investigated and reviewed by the Executive Director

Substance abuse is both a school and a medical problem. East Valley College is aware that substance abuse is a complex public health issue that has both physical and emotional consequences for students, their families, and other social relationships. Any psychological or physical problem effecting students' academic performance is the concern of East Valley College.

Any instructor suspecting a substance abuse case should discuss the matter with the Executive Director immediately. Because each case is different, the handling and referral of the case must be coordinated between the instructor and Executive Director. East Valley College maintains a referral service for students with substance problems. Counseling and referrals are provided on a confidential basis. Voluntary, successful participation in a recovery or rehabilitation program may be a mitigating factor in disciplinary action depending on the particulars of each case. While East Valley College does not require students to get help, he or she may ask the school for it. In some cases, disciplinary action may be suspended, or the student may be placed on probation, pending the successful completion of a recovery program. Students who enter a rehabilitation program due to performance or behavior problems resulting from substance abuse are subject to dismissal for failing to successfully complete the program.

East Valley College is concerned with its students' privacy, especially when matters of a medical or personal nature are concerned. As long as such information is not required for police or security purposes, East Valley College shall maintain student information in confidence, but subject to release to authorized school personnel on a "need to know" basis. An exception to this rule exists when the student signs a release for the transfer of such information to designated persons or agencies.

Drug Free School Policy

The Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101- 226 require that, as a condition of receiving funds or any form of financial assistance under any federal program, an institution of higher education must certify that it has adopted and implemented a program to prevent

the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees. All students and employees of the School are required to comply with the requirements of the School's Drug and Alcohol Abuse policy. Under no circumstances will alcoholic beverages, controlled substances / illicit drugs or persons under the influence of alcohol or controlled substances/illicit drugs be permitted on school premises. STUDENT TUITION RECOVERY FUND

Catalog Disclosure / Student Tuition Recovery Fund

It is a state requirement that a student who pays his/her tuition is required to pay a state-imposed

assessment for the Student Tuition Recovery Fund.

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“

ACADEMIC STANDARDS

What academic standards must I meet?

Maximum Time Frame

Students must complete their programs within 1.5 times the scheduled program length. If the scheduled program length is 18 weeks the maximum time frame is 27 weeks

Grading System

The school maintains an academic **GRADE REPORT** for each student. Grades are issued upon the completion of each term, module or level.

Rating	% Score	Letter Grade	Grade Point Average
Excellent	100-90	A	4
Good	89-80	B	3
Average	79-70	C	2
Below Average	69-60	D	1 point
Fail	59-00	F	0 point

Passing grades are "A", "B", "C", and "D". All grades appear on the official transcripts and are used in calculating the grade point average. Student progress and **GRADE REPORTS** become part of the student's permanent record and all grades received are posted on the student's academic record.

Credit/Clock Hour

For completion of coursework students are awarded credit units. Credit units are awarded on the following basis:

Definition

East Valley College courses measure academic progression in quarter units of credit. One-quarter unit of credit is equivalent to 10 clock hours of classroom instruction, 20 hours of laboratory, or 30 clock hours of externship/internship.

A clock hour is one class period of approximately 60 minutes in length. 50 minutes of lecture, demonstration, faculty-supervised laboratory, or similar learning activity takes place, and 10 minutes are given for a break

Academic Progress

Satisfactory Academic Progress is defined as meeting acceptable standards as defined by pre-determined objectives of the institution. These objectives are directly correlated to the performance

standards set by the institution.

The elements of satisfactory progress are as follows:

Satisfactory progress is evaluated at 50% and a 100% point of the program. The student is required to make **quantitative progress toward program completion**. Students maintaining an average grade of 70% (G.P.A of 2.0) or better meet the quantitative measure of Satisfactory Academic Progress. The student must also meet attendance policy and thereby maintaining an overall attendance rate of 80%.

The student's academic average is reviewed to determine **qualitative progress**. The minimum required is 70% at the conclusion of each evaluation period. Incomplete grades are not given, and students must repeat any classes in which they earn less than a 70% average. Course work repeated may adversely affect a student's academic progress in terms of the maximum time frame. Students who withdraw from the program will receive a grade of 0 in each class interrupted by the withdrawal. All interrupted classes must be repeated upon readmission to the institution

Transcript

Students will receive a transcript after the completion of the term/course.

A final grade report (Transcript) is to be prepared for each student at the end of each grading period and provided to the student **no later than 10 days after the end of the grading period**. Entries on the final grade report for each grading period may be handwritten and must contain the following:

- a. Student's name
- b. Grading period start and end dates
- c. Program name
- d. Course number and title
- e. Final grade
- f. Clock hours completed
- g. Grade point average for the period (if applicable to your program of study)
- h. Cumulative grade point average
- i. Absences (by course)

All this information will be in the student's record.

Grade Appeals

In cases where a student believes that a grade has been assigned incorrectly, it is expected that the student will seek to resolve any concerns informally by speaking directly with the course instructor before beginning a formal appeal process. The formal appeals process should not be undertaken lightly, nor should it be undertaken merely because a student is unhappy with the grade

received in a course.

A student who has questions regarding his/her course grade must speak with the instructor within two weeks from the date grades are posted. If, after speaking with the instructor in a good-faith effort to resolve a grade dispute, a student still believes that his/her course grade was assigned in a way that is arbitrary, prejudicial or in error, the student may make a formal grade appeal no later than two weeks after speaking with the instructor.

Student must fill out a **GRADE APPEAL FORM** and submit it to the Director of Education

Satisfactory Academic Progress is defined as meeting acceptable standards as defined by pre-determined objectives of the institution. These objectives are directly correlated to the performance standards set by the institution.

Students who withdraw from the program will receive a grade of 0 in each class interrupted by the withdrawal. All interrupted classes must be repeated upon readmission to the institution.

Probation

If a student fails to meet the cumulative 80% attendance or 70% grade average for any evaluation period, he or she will be placed on **ACADEMIC- ATTENDANCE PROBATION** for the next evaluation period. Failure to achieve an 80% attendance or a 70% grade average, or both, at the end of the probationary evaluation period will result with an administrative withdrawal of the student.

Students will be notified in writing when they are placed on **ACADEMIC- ATTENDANCE PROBATION** and the steps necessary to be removed from probationary status will be given. Students will also receive attendance or academic counseling, from the Executive Director or designee, as appropriate, when they are placed on probation. The institution will notify a student by certified mail if he or she is being administratively withdrawn for unsatisfactory academic progress

Appeal Process

The academic appeal process is as follows:

- a. Challenging the record for purposes of changing any of its contents must be requested in writing, stating fully the reason for the challenge.
- b. The Director of Education in consultation with the instructor will review all requests, and a determination will be made to either maintain or change the extant record.
- c. The student may meet with the Director of Education and anyone else he or she may designate to review the conclusions.
- d. Should further review be requested by the student, a disinterested third party with competence in the program will be asked to review the student's records and findings and make a recommendation to the Director of Education for final action.

A student placed on academic probation or deemed as failing to make Satisfactory Academic Progress may review the determination and may appeal the determination through the Executive Director whose judgment in this matter shall be final, conclusive, and binding.

Academic Difficulty

Academic support is required for students on academic probation. Students must meet with their instructor or a designated academic advisor to discuss the factors interfering with their academic progress, determine an appropriate course selection before registering for the next term or module, and develop an individual plan/contract for academic success. The student must meet the terms of the probation plan including a 2.0 GPA during the following term or module and/or meet the minimum GPA for good standing. A copy of the ACADEMIC DIFFICULTY ANALYSIS FORM will be provided to the Registrar and placed in the student's academic file for follow-up

Attendance Policy

East Valley College programs are based on resident programs and examinations; thus, class attendance is required for resident students. Attendance and punctuality is stressed for all the resident programs. A student consistently coming to class sessions late or failing to attend class sessions on a regular basis will be advised. Excessive absences and/or tardiness may be cause for dismissal. Tardiness is defined as entering the classroom/lab after the class has started.

Attendance of all scheduled class meetings is expected and required. Attending class is one of the most important parts of the learning process. Arriving to class on time is essential. A student who arrives late can be disruptive to other students, and often spends a good part of the session trying to figure out what is happening rather than learning.

If a student's attendance in the any program during any course falls below 80%, continued enrollment is permitted only with the approval of the Education Director.

If a student's attendance in the any program during any course falls below 80%, continued enrollment is permitted only with the approval of the Education Director.

Reporting Responsibilities

Instructors in a residence program are required to fill in **DAILY ATTENDANCE RECORD SHEET**. The report should be forwarded to the Registrar at the end of the class session.

Attendance is an important aspect of professionalism. Being present in class is defined as being physically present and mentally alert in the classroom or lab. Sleeping in class is disruptive to other students and unprofessional. A student who is sleeping may be asked to leave class at the discretion of the instructor and will be counted absent. Arriving late or leaving early on a regular basis can result in attendance difficulties. Future employers will be inquiring about attendance patterns while in school.

Any student who is seriously ill, who is hospitalized, or who has surgery (including a C-Section) must submit a written doctor's release on the day she/he returns to class. Students need to arrange for reliable childcare and to anticipate childcare needs during holidays and during the summer. It is school policy not to bring children of any age, other family members or friends into the classroom. In addition, students who anticipate being late or absent must notify the instructor prior to the start of class.

Classroom absences: Students are required to attend all classes as scheduled. Each class will keep a **DAILY ATTENDANCE RECORD** for each student and the instructor will mark absence or tardiness on that roll. A minimum of 80% attendance in a course is required for completion. If a student misses three (3) consecutive days, unexcused, the student will be advised. If there is no improvement, then the Director of Education will place the student on **ACADEMIC-ATTENDANCE PROBATION** or may suspend or withdraw the student depending on the circumstances. Re-admittance will occur only when the conditions causing the reprimand or suspension have been resolved.

Tardiness

East Valley College encourages students to be "on time" for all activities, appointments and classes. Tardiness is defined as entering the classroom/lab after the class has started.

Make Up Classes

The school does not require a student to make-up missed classes. Make up classes are not specifically scheduled and are never guaranteed. However, missed classes can be made up on a drop-in or space available basis within two weeks from the date the original class was missed. In no event will make-up classes be provided for students after the scheduled end of the module or level.

Leave of Absence

Students are entitled to take only one leave of absence during any academic year. The duration of the leave of absence may not exceed sixty days. Requests for leave must be submitted on the **LEAVE OF ABSENCE** form to the Director of Education and must include an anticipated return date and be signed by the student. Failure to return to school as scheduled without prior written notification to and approval from the Executive Director will result in immediate dismissal. Any refund due will be made within thirty calendar days from the end of an approved leave of absence.

The Director of Education may grant leaves of absence and/or waive interim satisfactory standards for circumstances of poor health, family crisis, or other significant occurrences outside the control of the student. It must be demonstrated by the student that the circumstances had or will have an adverse impact on the student's satisfactory progress in the academic program. No waivers will be provided for graduation requirements. Time for an approved leave of absence will not be included in the calculation of a student's maximum time frame.

Leave of absence (LOA) may be granted under special circumstances. Students may receive one leave of absence during the course of their training.

There are two categories of LOA:

1. General LOA for emergency or personal purposes, up to 6 months,
