**Definitions**

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

**STUDENT'S RIGHT TO CANCEL**

You have the right to cancel and obtain a 100% refund of all monies paid if you cancel your enrollment after you sign the enrollment agreement and until midnight of the 60<sup>th</sup> business day after the first class you attended. Cancellation occurs when the student gives notice of cancellation by mail, fax, email, telephone, or in person. Your notice of cancellation does not require a particular format, but the student must clearly state that he/she wishes to cancel the agreement and the date the cancellation is to take effect.

The Institute may terminate a student by applying the Institute's attendance, conduct and/or Satisfactory Academic Progress Policy. All refunds are made within 45 days of the notice of cancellation, (Date of Determination). The withdrawal calculation is performed using the student's last date of attendance.

All tuition monies will be refunded to the student for the following reasons:

1. If an applicant is rejected for enrollment by the Institute.
2. If the program for which the student enrolled is cancelled.
3. If an applicant cancels prior to the start of scheduled classes, or never attends class.
4. If the student cancels his/her agreement for the course of instruction on or before midnight of the *seventh* business day after the first class attended by the student.

If a student withdraws or is dropped from the program after the 60<sup>th</sup> business day of the first class attended, and has attended 60% or less of the semester, the school will remit a pro-rata refund. The Student's net tuition is divided equally between two (2) semesters (26 weeks each). Refund calculations are calculated per semester. Days in which the student was on an approved leave of absence are excluded from the refund calculation.

The pro-rata refund amount shall be computed by multiplying the amount the student has paid for instruction by a fraction. The fraction is the amount of instruction time which the student has not received, but for which the student has paid, divided by the total amount of instruction time for which the student has paid. If the student paid less than the amount due under the schedule, he/she must pay HMI the balance within thirty (30) days from the date of determination. After having attended more than 60% of the semester, there is no refund.

1. The following table is an **EXAMPLE** to outline the refund due based on percentage of training completed, assuming you paid the following:

<u>Total Contract</u>	<u>Tuition per Semester</u>
\$12,982	\$6,491
<u>% completed per semester</u>	<u>Refund Due</u>
10%	\$5,841.90
25%	\$4,868.25
50%	\$3,245.50
60%	No Refund Due

2. If any portion of your tuition was paid from the proceeds of a loan, the refund will be sent to the lender or an agency that may have guaranteed the loan. Any remaining refund amount will first be used to repay any student financial aid programs from which you received benefits, in proportion to the benefits received. Any remaining amount will be paid to you.
