Student's Right to Cancel

- A. Student's Right to Cancel.
 - i. In addition to any other right of rescission, the Student shall have the right to cancel this Agreement and obtain a refund of charges paid:
 - (1). Through attendance at the first class of the Program that is the subject of this Agreement; or
 - (2). The seventh calendar day after enrollment, whichever is later.
 - ii. Cancellation shall occur when the Student gives written notice of cancellation to the University at the address specified on Page 1 of this Agreement.
 - iii. The written notice of cancellation, if given by mail, is effective when deposited in the mail properly addressed with postage prepaid.
 - iv. The written notice of cancellation need not take a particular form and, however expressed, is effective if it indicates the Student's desire not to be bound by this Agreement.
 - v. Except as provided in subparagraph vi, below, if the Student cancels this Agreement, the Student shall have no liability, and the University shall refund any consideration paid by the Student within 10 days after the University receives notice of the cancellation.
 - vi. If the University gave the Student any equipment, the Student shall return the equipment with the notice of cancellation. If the Student fails to return the equipment, the University may retain that portion of the consideration paid by the Student equal to the cost of the equipment and shall refund the portion of the consideration exceeding the cost of the equipment within 10 days after the period within which the Student is required to return the equipment. The Student may retain the equipment without further obligation to pay for it.
 - vii. Based upon the Student's Start Date of ______, the Student must exercise this right to cancel by midnight on _____
- B. Student's Right to Withdraw. The Student has the right to withdraw from the Program at any time. If the Student withdraws from the Program after the period described in the Student's Right to Cancel, above, the University shall remit a refund as calculated under the formula described below within 45 days following the student's withdrawal.
 - i. If any portion of the tuition was paid from the proceeds of a loan, the refund shall be sent to the lender or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid program from which the Student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the Student.
 - ii. If the Student obtains a loan to pay for an educational program, the

- Student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.
- iii. Except for the Student's right to withdraw at any time as described above, the Student shall not be entitled to a refund under this section if both of the following occur:
 - (1). all of the Student's tuition and fees are paid by a third-party organization, such as a Job Training Partnership Act agency, a Regional Occupational Program or Regional Occupational Center, a Private Industry Council, or a vocational rehabilitation program, if the Student is not obligated to repay the third-party organization or does not lose time-limited educational benefits; or
 - (2). the third-party organization and the University have a written agreement, entered into on or before the date the Student enrolls, that no refund will be due to the Student if the Student withdraws prior to completion.
- iv. If the Student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:
 - (1). The federal or state government or a loan guarantee agency may take action against the Student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
 - (2). The Student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.
- c. Method of Calculating Refund. For Students who have completed 60 percent or less of the scheduled hours for the period of attendance, the tuition refund to be paid to the Student shall be calculated as follows:
 - i. The total tuition charge is divided by the number of hours in the program. The quotient is the hourly charge for the program.
 - ii. The amount owed by the Student for purposes of calculating a refund is equal to the hourly charge for instruction multiplied by the number of hours the student was scheduled to attend prior to withdrawal.
 - iii. The refund is equal to any amount in excess of the figure derived in subparagraph (iii) that was paid by the Student.
 - iv. The refund amount shall be adjusted as provided below for equipment, if applicable.
 - v. Students who have completed more than 60 percent of the scheduled hours for the period of attendance shall not be entitled to a refund of tuition or any other institutional charges.

- his/her enrollment prior to completing his/her course of instruction. An applicant who is not accepted by the University shall be entitled to a full refund of all monies.
- E. Books, Tools, Supplies Charges. This Agreement specifies a separate charge for books, tools, supplies that the Student will use during the Program. After the expiration of the cancellation period set forth in Section 17(a)(i), above, the School will keep the student kit fee as the kit becomes the property of the Student; except that, the Student's refund to be provided under this Agreement shall include any amount paid by the Student for books, tools, supplies which the Student has not obtained at the time of the Student's withdrawal.
- F. Notice of Withdrawal. The Student may notify the University of the Student's desire to withdraw by providing written notice of withdrawal, addressed to the University's Director and sent to the address specified on Page 1 of this Agreement. The written notice of withdrawal, if given by mail, is effective when deposited in the mail properly addressed with postage prepaid, or the date the information is delivered to the University in person. The written notice of withdrawal need not take a particular form and, however expressed, is effective if it indicates the Student's desire to withdraw from the Program.
- G. Determination of Withdrawal Date. For the purposes of this Agreement, the Student shall be deemed to have withdrawn from the program of instruction when any of the following occurs:
 - i. The Student notifies the University of the Student's withdrawal or of the date of the Student's withdrawal, whichever is later. The University terminates the Student's enrollment as provided in the Enrollment Agreement.
 - ii. The Student has failed to attend classes for a 14-day period. For the purpose of determining the amount of the refund, the date of the Student's withdrawal shall be deemed the last date of recorded attendance. For the purpose of determining when the refund must be paid, the Student shall be deemed to have withdrawn at the end of the 14-day period.
 - iii. If a Student does not return from an approved leave of absence, the Student shall be considered terminated. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the Student notifies the University that the Student will not be returning.

- before instruction in the program has begun, then the University shall at its option, (a) provide a full refund of all monies paid, or (b) provide completion of the program.
- iii. If the University cancels a program and ceases to offer instruction after the Student has enrolled and instruction has begun, the University shall at its option, (a) provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school; or (b) provide completion of the program; or (c) participate in a Teach-Out Agreement; or (d) provide a full refund of all monies paid.
- iv. At least 30 days prior to closing, the University shall notify the Bureau in writing of its intention to close and provide a closure plan. A list of all students who were enrolled at the time of University closure, including the amount of each pro rata refund, shall also be submitted to the University's accrediting agency.

I. Collection Policy

- i. If the Student is terminated or withdraws from University, the University shall inform the Student of any balance owed to the University. The University is committed to using ethical business practices in connection with any collection efforts. Collection correspondence shall reference the University's cancellation and refund policies set forth in this Agreement.
- ii. In the event that this Agreement is sold or discounted to a third party, such third party shall be required to comply with the cancellation and refund policies set forth in this Agreement.
- iii. In certain situations where mitigating circumstances are in evidence, the University may, in its sole discretion, provide a refund that exceeds this refund policy.
