OUR MISSION AND OBJECTIVES

Sushi is the most famous traditional Japanese food in the world. As sushi becomes more popular, the knowledge of how to treat raw fish becomes more important.

Japanese people learn these skills over the years in their everyday lives. However, this is not the case in other countries where it is not customary to eat uncooked fish. We would like to spread the joy of Japanese food culture. Our mission is to convey the essence of Japanese traditional cooking skills and knowledge to the world.

Our professional Sushi Chef Course I & II is intensive and has high-level content that is focused on making you a Sushi chef in 2 months. Many of our former students have opened their own restaurants right after graduating. This professional course is the best opportunity for people who want to move forward professionally in a short amount of time.

This course covers Japanese ingredients and stocks, popular Japanese cuisine, preparation of sushi rice, how to make traditional and modern (California/American) style rolls, and sauce making for rolls. In depth training of techniques on making and presenting nigiri, traditional style sushi (chirashi and box sushi, etc.) and sashimi. Fish and shellfish preparing is also covered in this course.

This course also includes how to maintain and sharpen Japanese knives, basics of Japanese cooking techniques of grilling, frying, steaming, simmering, garnishing, plating and decorating. Sushi bar simulation is conducted while attending school; this gives our students an outlook of what is it like to take orders from a customer and in turn create and serve their dishes. The importance of knowledge with food cost and estimation, hygiene management, catering operation and restaurant business management are other subjects covered in this course.

INTRODUCTION

People worldwide have begun to explore more healthy cooking styles particularly ones that employ vegetables and fish as primary ingredients. For this reason, Japanese cuisine enjoys a growing popularity on its own and is part of a general movement toward “fusion” cooking styles. In the United States alone, the number of Japanese restaurants has doubled in the past five years.

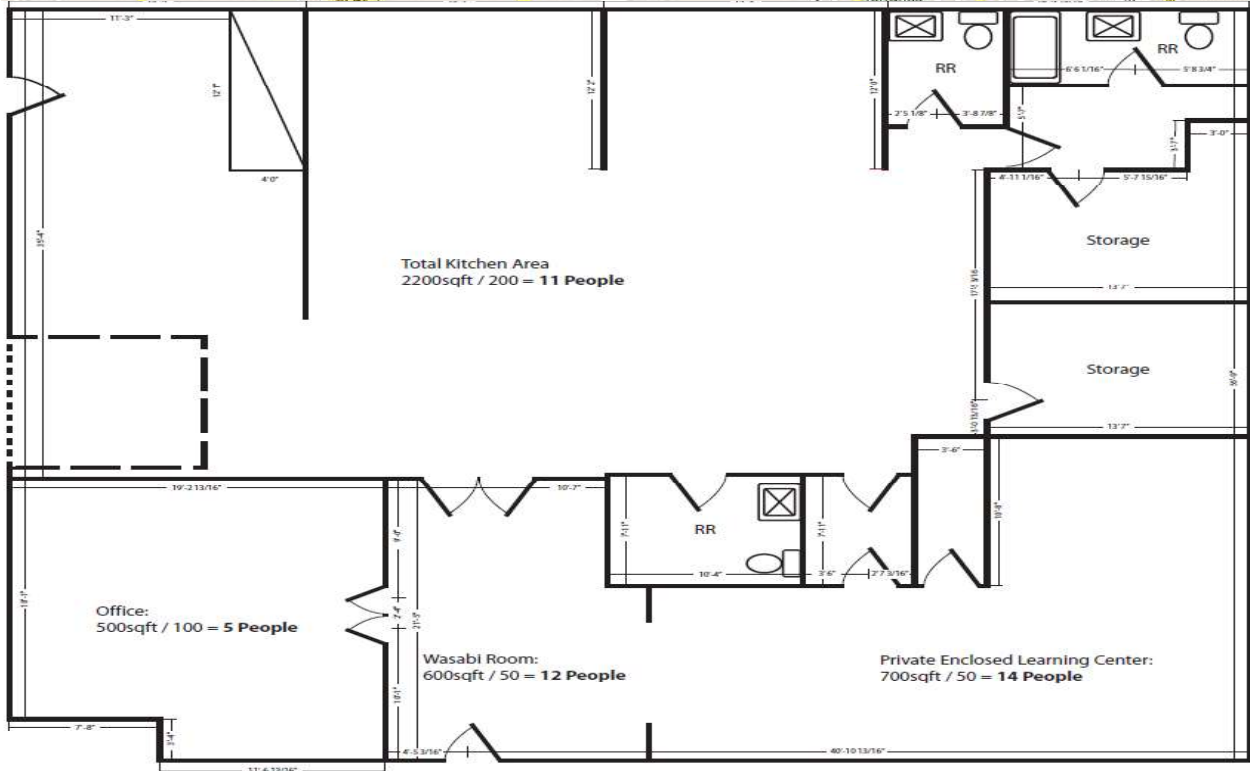

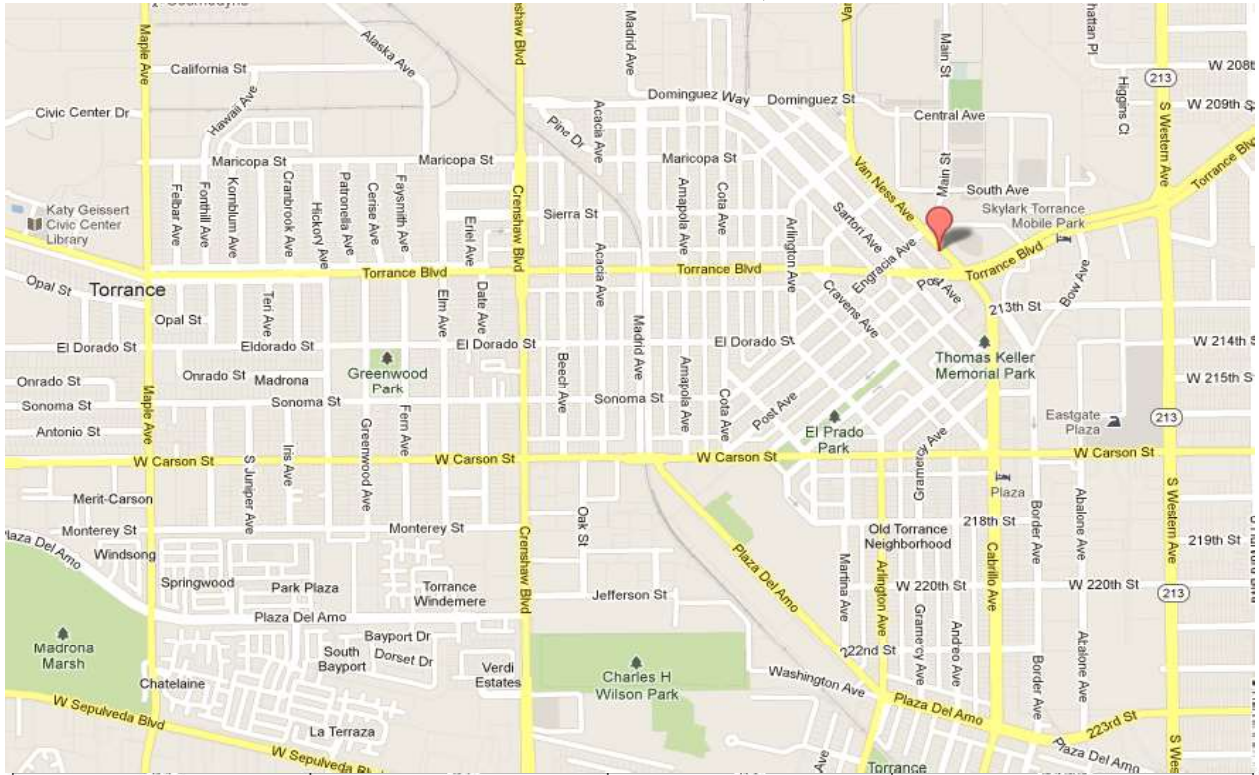

Japanese cuisine does in fact lend elements of itself very successfully to other cooking traditions, but it is our belief that individuals most effectively execute this blending process with a basic grounding in the fundamental elements of Japanese cooking.

Chef Andy Matsuda is a Master Sushi Chef, an experienced teacher of Japanese culinary arts, and a food consultant representing Japanese foods and cuisine in the United States, Europe and Asia with more than twenty-eight years of experience.

Sushi Chef Institute does not have a pending petition in bankruptcy, is not operating as a debtor in possession, and has not filed a petition within the preceding five years, nor has had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C. Sec. 1101 et seq.). (CEC §94909(a)(12))

Student Tuition Recovery Fund

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, CA 95833, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four

(4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

The STRF fee rate is zero cent (\$.50) per one thousand dollars (\$1,000) of institutional charges, rounded to the nearest thousand dollars.
