Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Gainfully Employed Categories

Includes data for the two calendar years prior to reporting

Part Time vs. Full Time Employment

Calendar Year	Graduates Employed in the Field 20 to 29 Hours Per Week	Graduates Employed in the Field at Least 30 Hours Per Week	Total Graduates Employed in the Field
2022	0	0	0
2021	0	0	0

Single Position vs. Concurrent Aggregated Positions

Calendar Year	Graduates Employed in the Field in a Single Position	Graduates Employed in the Field in Concurrent Aggregated Positions	Total Graduates Employed in the Field
2022	0	0	0
2021	0	0	0

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	80.8%	85.7%	\$27,153
2021	2.6%	82.7%	85.6%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	N/A	\$27,153
2021	2.6%	100%	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	50%	100%	\$27,153
2021	2.6%	77.8%	60%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	81.6%	87.7%	\$27,153
2021	2.6%	82.4%	88.3%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	100%	\$27,153
2021	2.6%	83.3%	76.2%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	53	14	12	1	8.3%
2021	159	34	28	3	10.7%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	100%	\$27,153
2021	2.6%	84.6%	80%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	6	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	72.2%	84.2%	\$27,153
2021	2.6%	73.4%	76.1%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	50%	100%	\$27,153
2021	2.6%	69.2%	90%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	71.4%	75%	\$27,153
2021	2.6%	90%	85.7%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	19	5	5	0	0%
2021	21	3	3	1	33.3%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	2	2	2	0	0%
2021	1	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	92.3%	87.5%	\$27,153
2021	2.6%	96.3%	95.2%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	100%	\$27,153
2021	2.6%	72.7%	57.1%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	7	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	87.4%	93.4%	\$27,153
2021	2.6%	88.1%	91.8%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

University of Phoenix
4900 California Ave.
Bakersfield, CA 93309
800-888-1968

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	83.3%	\$27,153
2021	2.6%	100%	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	88.7%	88%	\$27,153
2021	2.6%	94.4%	97.2%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	6	0	0	0	0%
2021	25	1	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	70.9%	72.6%	\$27,153
2021	2.6%	70.2%	72.6%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	N/A	\$27,153
2021	2.6%	50%	N/A	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	N/A	N/A	\$27,153
2021	2.6%	100%	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 who took out federal student loans at this institution
2022	0%	84.6%	92.9%	\$27,153
2021	2.6%	86.3%	90%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

University of Phoenix
4900 California Ave.
Bakersfield, CA 93309
800-888-1968
www.phoenix.edu

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	33.3%	N/A	\$27,153
2021	2.6%	33.3%	33.3%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

University of Phoenix
4900 California Ave.
Bakersfield, CA 93309
800-888-1968
www.phoenix.edu

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	3	2	2	0	0%
2021	5	2	2	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	89.3%	88.3%	\$27,153
2021	2.6%	94.2%	95.6%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	N/A	N/A	\$27,153
2021	2.6%	N/A	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 who took out federal student loans at this institution
2022	0%	87.2%	87.7%	\$27,153
2021	2.6%	89%	90.1%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

*Fewer than 10 candidates, data not provided

¹ CSET exam results are obtained and reported as calculated by the California Commission on Teacher Credentialing. Exam results are reported on an academic year (September 1st through August 31st) and reflect the aggregate results of all California UOPX graduates in the MAED-TED-S degree program, regardless of campus location, who have taken the examination within the reported period.

² The Number of Graduates in Calendar Year is the number of students who have completed the program within 150% of the published program length.

Federal Student Loan Debt at University of Phoenix

	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 who took out federal student loans at this institution
2022	0%	81.1%	86.4%	\$27,153
2021	2.6%	83.2%	81.4%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

University of Phoenix
4900 California Ave.
Bakersfield, CA 93309
800-888-1968
www.phoenix.edu

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	11	6	6	1	16.7%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	66.7%	100%	\$27,153
2021	2.6%	66.7%	75%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	82.3%	85.5%	\$27,153
2021	2.6%	82.9%	86.9%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	85.4%	88.1%	\$27,153
2021	2.6%	83.8%	86.9%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	53.3%	61.2%	\$27,153
2021	2.6%	54.7%	57.3%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	80.8%	85.7%	\$27,153
2021	2.6%	82.7%	85.6%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	100%	\$27,153
2021	2.6%	100%	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	50%	100%	\$27,153
2021	2.6%	77.8%	60%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	81.6%	87.7%	\$27,153
2021	2.6%	82.4%	88.3%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	1	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	80	22	18	1	5.6%
2021	203	48	42	4	9.5%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	76.3%	79.3%	\$27,153
2021	2.6%	75.6%	77.9%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	0	100%	\$27,153
2021	2.6%	66.7%	50%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	72.2%	84.2%	\$27,153
2021	2.6%	73.4%	76.1%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	N/A	N/A	\$27,153
2021	2.6%	N/A	N/A	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	79.1%	84.6%	\$27,153
2021	2.6%	77.6%	79.7%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	1	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	92.3%	87.5%	\$27,153
2021	2.6%	96.3%	95.2%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	1	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	1	1	1	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	100%	\$27,153
2021	2.6%	72.7%	57.1%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	17	9	9	0	0%
2021	92	23	21	3	14.3%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	87.4%	93.4%	\$27,153
2021	2.6%	88.1%	91.8%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

University of Phoenix
45 River Park Place West
Fresno, CA 93720
800-888-1968
www.phoenix.edu

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	66.7%	75%	\$27,153
2021	2.6%	73.9%	85.7%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	83.3%	\$27,153
2021	2.6%	100%	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	1	0	0	0	0%
2021	2	2	1	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	88.7%	88%	\$27,153
2021	2.6%	94.4%	97.2%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	85.7%	100%	\$27,153
2021	2.6%	90.9%	93.3%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	N/A	N/A	\$27,153
2021	2.6%	100%	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	N/A	\$27,153
2021	2.6%	50%	N/A	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	N/A	N/A	\$27,153
2021	2.6%	100%	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	100%	\$27,153
2021	2.6%	100%	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 who took out federal student loans at this institution
2022	0%	84.6%	92.9%	\$27,153
2021	2.6%	86.3%	90%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

University of Phoenix
45 River Park Place West
Fresno, CA 93720
800-888-1968
www.phoenix.edu

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	69.1%	68.7%	\$27,153
2021	2.6%	67.6%	69.9%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	3	1	1	0	0%
2021	4	1	1	1	100%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	89.3%	88.3%	\$27,153
2021	2.6%	94.2%	95.6%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	N/A	N/A	\$27,153
2021	2.6%	N/A	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	N/A	N/A	\$27,153
2021	2.6%	N/A	N/A	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. CSET Multiple Subject III	9/1/2020-8/31/2021	0	81	77	4	95%

*Fewer than 10 candidates, data not provided

¹ CSET exam results are obtained and reported as calculated by the California Commission on Teacher Credentialing. Exam results are reported on an academic year (September 1st through August 31st) and reflect the aggregate results of all California UOPX graduates in the MAED-TED-E and BSLS degree programs, regardless of campus location, who have taken the examination within the reported period.

² The Number of Graduates in Calendar Year is the number of students who have completed the program within 150% of the published program length.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 who took out federal student loans at this institution
2022	0%	87.2%	87.7%	\$27,153
2021	2.6%	89%	90.1%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	10	5	5	1	20%
2021	37	9	7	1	14.3%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	74.5%	70.6%	\$27,153
2021	2.6%	72%	76.2%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	N/A	\$27,153
2021	2.6%	80%	85.7%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	82.3%	85.5%	\$27,153
2021	2.6%	82.9%	86.9%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	16	0	0	0	0%
2021	17	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 - who took out federal student loans to pay for this program	The average amount of federal student loan debt 2021/22 graduates who took out federal student loans at this institution
2022	0%	88.2%	96.8%	\$27,153
2021	2.6%	88.4%	92.7%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	2	1	1	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	51.3%	57.8%	\$27,153
2021	2.6%	53.9%	56.1%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	100%	\$27,153
2021	2.6%	100%	100%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	2	0	0	0	0%
2021	6	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	2	1	1	0	0%
2021	1	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	66.7%	83.3%	\$27,153
2021	2.6%	91.3%	92.3%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	100%	\$27,153
2021	2.6%	84.6%	80%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	85	17	15	2	13.3%
2021	97	19	17	2	11.8%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	0	100%	\$27,153
2021	2.6%	66.7%	50%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	1	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	1	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	N/A	N/A	\$27,153
2021	2.6%	N/A	N/A	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	N/A	N/A	\$27,153
2021	2.6%	N/A	N/A	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	0	0	0	0	0%
2021	0	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	100%	100%	\$27,153
2021	2.6%	66.7%	66.7%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	18	4	3	0	0%
2021	39	6	4	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

To obtain a list of employment positions determined to be within the field of this program, please visit <https://www.phoenix.edu/career-services/explorer.html#4> or speak to your advisor.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

"Graduates Unavailable for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six-month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

"Placement Rate Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

Definitions (continued)

“Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

“First Available Exam Date” is the date for the first available exam after a student completed a program.

“Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.

“Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

You have the right to cancel your enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You must exercise your right to cancel by _____ (date). To cancel your enrollment, you must submit a written request postmarked on or before the applicable time period to the campus services operations manager, University of Phoenix, 3110 E. Guasti Road, Ontario, CA 91761.

Job Placement Rates¹

Includes data for the two calendar years prior to reporting

Calendar Year	Number of Students Who Began Program	Number of Graduates	Graduates Available for Employment	Graduates Employed in the Field	Placement Rate % Employed in the Field
2022	1	0	0	0	0%
2021	2	0	0	0	0%

¹ Job placement information is obtained from graduate surveys, and despite reasonable efforts taken to gather employment data for graduates, many graduates do not respond to the survey. Therefore, the published job placement rate may not be representative of actual performance of University graduates of this program. The overall survey response rate of CA graduates across all University of Phoenix programs in 2021 was 24% and was 13% in 2022.

Federal Student Loan Debt at University of Phoenix

Calendar Year	Most recent three year cohort default rate, as reported by the United States Department of Education¹	The percentage of students enrolled in 2021/22 – receiving federal student loans to pay for this program	The percentage of graduates in 2021/22 -who took out federal student loans to pay for this program	The average amount of federal student loan debt of 2021/22 graduates who took out federal student loans- at this institution
2022	0%	68.8%	60%	\$27,153
2021	2.6%	77.5%	90%	\$28,252

¹The percentage of students who defaulted on their federal student loans is called the Cohort Default Rate (CDR). It shows the percentage of this school's students who were more than 270 days (about 9 months) behind on their federal student loans within three years of when the first payment was due. This is the most recent CDR reported by the U.S. Department of Education.

Definitions

The following are the definitions for the Performance Fact Sheet:

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.

"Number of On-time Graduates" is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

"On-time Completion Rate" is the number of on-time graduates divided by the number of students available for graduation.

"150% Graduates" is the number of students who completed the program within 150% of the program length (includes on-time graduates).

"150% Completion Rate" is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.
