Thank you for considering Opportunity Junction's Administrative Assistant program.

The Administrative Assistant program combines computer training with career skills, paid experience, case management, mental health services, and long-term alumni services. Twelve weeks of full-time student training are followed with up to four months of paid student internship using the skills introduced during training. Alumni outcomes are tracked for 18 months and all alumni are offered lifetime services including career counseling, support, and mentoring.

Mission:

To fight poverty by helping low-income Contra Costa residents gain the skills and confidence to get and keep jobs that support themselves and their families.

Vision:

Everyone who is willing to work hard has the opportunity to succeed.

The program includes:

Training & Certification

At the core of Opportunity Junction's Administrative Assistant program is our training component. Students spend 35 hours per week for 12 weeks acquiring high quality technical skills, industry recognized Microsoft Office Specialist certifications, and a host of professional, life and career development skills essential for job seekers in today's competitive workforce environment.

Internship & On-the-Job Experience

Once the 12-week initial training is complete, Opportunity Junction hires students as paid student interns providing contracted services for local businesses and administrative support for the staff. High quality training is made exponentially more effective when combined with the opportunity to actually perform the work. We hire every graduate of the student training phase to work 20 hours per week for up to 4 months. The internship lasts up to 4 months because student interns resign when they find other employment, which may occur before the completion of the internship. This real-work experience gives student interns confidence in applying their new skills to real world projects and challenges while providing relevant experience for their resumes.

Personalized Job Placement Assistance

Administrative Assistant student interns spend 15 hours per week engaged in personalized job placement assistance activities. Opportunity Junction student interns receive the following placements services: resume writing instruction; interviewing skills and mock interviews; social media marketing training that includes how to use LinkedIn, Facebook, Twitter, and other online sources/communities to conduct job searches; professional clothing; focused career building workshops; and lifetime job

placement support. Our Employer Engagement staff ensures builds employer partnerships and help ensure that employer partners are matched with candidates who have the skills and personality to succeed in each position we fill.

Case Management

Case managers closely support students throughout their time at Opportunity Junction and for 18 months following job placement, ensuring that each student is linked to child-care, health care, transportation, and other needed services.

On-Site Counseling Services

Recognizing that many of our students are in need of therapeutic counseling, our onsite counselor assesses all Administrative Assistant students and provides referrals, counseling, and workshops. Integrating these services into the program itself helps to de-stigmatize them and facilitate participation.

Administrative Assistant Program Objectives:

- Providing training in the computer applications most frequently needed to succeed in the office and administrative positions employers are seeking to fill;
- Preparing participants, specifically, for Microsoft Office Specialist certification in Word and Excel, industry recognized certifications that lead to employment;
- Combining that training with life skills, paid work experience, career counseling and placement assistance, and mental-health services, to enable participants to overcome barriers to employment;
- Nurturing relationships with employers to help us refine our curriculum and place participants into positions where they will succeed; and
- Maintaining long-term relationships with our alumni so that we can track our performance and provide alumni programs that will help them climb the career ladder.

Welcome from Opportunity Junction's Executive Director Alissa Friedman

We believe that everyone who is willing to work hard deserves an opportunity to succeed.

Fully 90% of those who complete our Administrative Assistant program enter employment within 6 months of completion. And more than 80% are still employed 18 months later. The combination of computer training, life skills, paid experience, support services, and job placement effectively helps participants launch administrative careers.

Our program is more than just launching an administrative career. We are a family and support network that will follow alumni as they progress in their careers and achieve the next level. We offer lifetime alumni services and provide robust services for alumni looking for a new position, seeking guidance in a current position, or exploring options for additional training to earn that promotion.

Families also benefit when a parent enters the workforce and the overall income of the household increases. Social scientists have quantified childhood poverty's impact on adult children. On average, for low-income families the higher the family income, the more financially secure and healthy the children of that family will be in adulthood (Duncan, Greg J., and Magnuson, Katherine, *The Long Reach of Childhood Poverty, Pathways*, Winter 2011).

The Administrative Assistant program is much more than helping one individual enter the workforce. It is a lifetime support network, it builds community participation and awareness through the volunteer commitment, and it changes the future of the families of the student through the benefits of self-sufficiency.

3. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the Student no longer wishes to be bound by the Enrollment Agreement.

Refund Policy

If the Enrollment Agreement is canceled, the school will refund the Student any money he/she paid, less a registration/administration fee not to exceed \$100.00, and less any deduction for equipment or books not returned in good condition, within 10 days after the notice of cancellation is received.

If the Student has completed more than 60% of their Enrollment Period all tuitions considered earned and the Student will receive no refund.

For the purpose of determining a refund under this section, a Student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The Student notifies the institution of the Student's withdrawal or as of the date of the Student's withdrawal, whichever is later.

All violations of these rules are considered disciplinary offenses, and some violations may be cause for immediate dismissal. Please read these rules carefully and be prepared to abide by them. The work habits you develop at Opportunity Junction will be key to your future success.

Each infraction will be formally written up, placed in the student's file, and discussed with the student by his/her case manager. The third written infraction for the same offense will be cause to meet with the discipline panel. The following activities constitute infractions:

* See the Student Grievance Procedure on Page 20

Attendance

Students are expected to attend classes regularly and punctually unless extenuating circumstances exist (e.g. verified cases of accidents, illness, or other circumstances beyond the control of the student).

POLICY FOR ABSENCES

- 6 allowed in the 12-week training phase, 7th is grounds for dismissal
- 5 allowed in the internship phase, 6th is grounds for dismissal

LATE

- Each is a discipline notice, 4th is grounds for dismissal

Any unexcused absence will result a written warning.

Dismissed students due to attendance may request a hearing with the Training Manager

Excused absence is expected absence reported to the instructor time stamped by phone or email before class begins. 1 minute late is considered **LATE!** (Excused absence still counts toward your total absences; it does not absolve the student of the above stated outline)

Leave of Absence

A student may request a leave of absence from the program via a written request in a formal letter addressed to Opportunity Junction, Attention to the Chief Academic Officer dated and signed by the student within seven business days from the last day of attendance. A leave of absence request submitted after the seven day grace period will only be granted for approved health or proven emergency reasons.

Leave of absence status allows the student to come back the next session of the Administrative Assistant program. If the student chooses to not comeback the following session the program is offered, the leave of absence status is forfeited.

No refunds will be made to students requesting a leave of absence and all paid dues will be credited for the following semester in which the student is expected to return from the leave of absence.

Student Grievance Procedure

If a student disagrees with a write-up or has any other classroom related concern, the student should request a meeting with the instructor to discuss the situation and seek a resolution.

If a resolution is not reached, the student may escalate his/her grievance to the Chief Academic Officer who will listen to both parties and will mediate in good faith to find a resolution.

If a resolution is not reached at this stage the student may request to have his/her grievance escalated to the Chief Executive Officer who will listen to all parties and mediate in good faith to find a resolution.

TUITION FUNDING

Opportunity Junction does not offer State and Federal financial aid. However, Opportunity Junction's mission commits us to making our programs completely accessible to low-income job seekers. As a nonprofit organization, we raise money from foundations, corporations, and private citizens to ensure that the full cost of the program is covered. We also have contracts with the following programs that use federal pass-through funding to subsidize the cost of each student's participation (of which tuition covers approximately 25%):

- Contra Costa County Employment and Human Services Department
- Contra Costa County Community Development Block Grant Program
- Contra Costa County Community Services Block Grant Program
- City of Antioch Community Development Block Grant Program
- City of Pittsburg Community Development Block Grant Program

We commit to developing the funding through private and government sources so that no student pays for tuition out of pocket or by obtaining a loan.

Students eligible for tuition funding through other sources (CaWORKs/WOIA, JTPA, GAIN or State and Private Vocational Rehabilitation) are asked to have their counselors call the School directly. The Student understands that if a separate party is financing his/her education, that the Funder, and the Funder alone, is directly responsible for all payments and monies owed to the school listed on this agreement.

Please note, some of our Funding Partners may require Selective Service Registration (applies to U.S. citizen and immigrant males between the ages of 18 to 25). To register or check a registration, go to <http://www.sss.gov/default.htm>.

Opportunity Junction has no pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, or has not had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C. Sec. 1101 et seq.).

Opportunity Junction uses an alphabetical grading system. In order to receive a passing grade in the course, students must achieve a minimum score of 70%.

Any student who has attended class the entire quarter and received a passing grade in the tests administered, but failed to complete all class assignments by the end of the quarter may, at the instructor's discretion, receive an "incomplete" for that course. The student must complete all the course assignments by the end of the first week of the following session in order to receive a passing grade. Any student failing to complete the unfinished course work within the required time will receive a grade of "F".

A "W" will be recorded as the grade for any student withdrawing from a course before the end of the third week. A "W" does not earn credits or grade points. Any student withdrawing from a course between the fifth and twenty-sixth weeks will receive a grade of "F" for that course.
